

## Los Angeles County Department of Regional Planning

Planning for the Challenges Ahead

April 28, 2015

The Honorable Board of Supervisors County of Los Angeles 383 Kenneth Hahn Hall of Administration 500 West Temple Street Los Angeles, CA 90012

Dear Supervisors:

PROJECT R2014-02734-(1)
CONDITIONAL USE PERMIT NO. 201400129
ENVIRONMENTAL ASSESSMENT NO. 201400218
APPLICANT: 7-ELEVEN, INC.
EASTSIDE UNIT NO. 1 ZONED DISTRICT
(FIRST SUPERVISORIAL DISTRICT) (3-VOTES)

#### SUBJECT

The proposed project would authorize a Type 20 alcohol license for off-site beer and wine sales at an existing 7-Eleven convenience store in the C-3 (Unlimited Commercial) Zone. The project site is located at 5105 E. Olympic Boulevard in the unincorporated community of East Los Angeles. The store will be open 24 hours a day with alcohol sales prohibited between 2:00 a.m. to 6:00 a.m., seven days a week, consistent with California state law. The store will be required to participate in the Licensee Education on Alcohol and Drugs (LEAD) Program that provides training to all employees who are involved in alcohol sales. The project qualifies as a Categorical Exemption (Class 1 – Existing Facilities) under the California Environmental Quality Act (CEQA) and the County environmental guidelines.

The project was approved by the Regional Planning Commission (Commission) on January 14, 2015. The approval is being appealed by Mr. Gustavo Casas.

#### IT IS RECOMMENDED THAT THE BOARD:

 Find that the project is categorically exempt pursuant to state and local CEQA guidelines.

CC.110414

The Honorable Board of Supervisors April 28, 2015 Page 2

 Deny the appeal and instruct County Counsel to prepare the necessary findings to affirm the Commission's approval of Conditional Use Permit (CUP) No. 201400129.

#### PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The subject property is located along a commercial corridor with a variety of commercial uses along both sides of Olympic Boulevard. There are no open zoning enforcement violation cases on the property. There are two sensitive uses within a 600-foot radius of the subject property including a church and an elementary school. However, the church is located approximately 400 feet to the west of the subject property and there is an entire block of retail stores between the two uses. Additionally, the elementary school is approximately 500 feet to the southwest of the subject site and it is buffered from the convenience store by both Vancouver Avenue and Olympic Boulevard.

There are no other businesses selling alcohol within 500 feet of the subject property; however, there are four other businesses selling alcohol within the census tract. These other businesses include two liquor stores with Type 21 licenses, one CVS Pharmacy with a Type 21 license, and a market with a Type 20 license. Although the other businesses are within the same census tract, they are at least 700 feet from the subject property. Furthermore, the applicant intends to purchase an existing Type 20 license in the area. According to section 22.56.195 of the County Code, the addition of alcohol sales at the proposed location will not result in an undue concentration of similar premises since there is a separation of not less than 500 feet between the other alcohol-selling establishments and the project site.

This property is located within a high crime reporting district. However, the Sheriff Department provided a summary of calls for service to this property and indicated that there have been no calls for service since the 7-Eleven opened at this location. The Department of Regional Planning (Department) staff has determined that with the added conditions of approval, the sale of alcohol within the existing convenience store will not adversely affect the health, peace, comfort or welfare of persons residing or working in the area, or endanger or otherwise constitute a menace to the public health, safety or general welfare.

#### <u>Implementation of Strategic Plan Goals</u>

The proposed project would help implement the County's Strategic Plan goals of increasing the well-being of County residents. The facility would provide services to the local residents and add to the commercial diversity of the area.

The Honorable Board of Supervisors April 28, 2015 Page 3

#### FISCAL IMPACT/FINANCING

Implementation of the proposed CUP should not result in any new significant costs to the County as the proposed project is a private development. Operating costs will be borne by the applicant.

#### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

The Commission conducted a duly noticed public hearing at its regularly scheduled meeting of January 14, 2015. The applicant's representative presented testimony in favor of the request and answered questions presented by the Commission. Nine people provided testimony in support of the project and one person expressed concern with the addition of another business serving alcohol in the community. County Counsel proposed a change to the last sentence of Condition No. 44 to read: "If the Department's Director determines that the permittee has been unable to acquire an expired license despite best efforts, the Director shall grant an extension or extensions which cumulatively shall not exceed one year." There being no further testimony, the Commission closed the public hearing and adopted the recommended change proposed by County Counsel and agreed to by the applicant. The Commission subsequently voted 5-0 to approve CUP No. 201400129.

Pursuant to subsection A of Section 22.60.230 of the County Code, Gustavo Casas appealed the Commission's approval to the Board of Supervisors on January 22, 2015. A public hearing is required pursuant to Section 22.60.240 of the County Code and Sections 65335 and 65856 of the Government Code. Notice of the hearing must be given pursuant to the procedures set forth in Section 22.60.174 of the County Code. These procedures exceed the minimum standards of Government Code Sections 6061, 65090, 65355, and 65856 relating to notice of public hearing.

#### **ENVIRONMENTAL DOCUMENTATION**

The project qualifies for a Categorical Exemption (Class 1 Exemption – Existing Facilities) under CEQA and the County environmental guidelines. The project is for the addition of beer and wine sales for off-site consumption within an existing convenience store, with negligible or no expansion of use beyond that which was previously existing. No additional construction is proposed as part of this project.

#### **IMPACT ON CURRENT SERVICES (OR PROJECTS)**

Action on the proposed CUP is not anticipated to have a negative impact on current services.

The Honorable Board of Supervisors April 28, 2015 Page 4

Should you have any questions, please contact Maria Masis of the Zoning Permits East Section at (213) 974-6435 or by e-mail at <a href="mailto:mmasis@planning.lacounty.gov">mmasis@planning.lacounty.gov</a>.

Respectfully submitted,

Richard J. Bruckner

Richard J. Bruckner Director

Planning for the Challenges Ahead

January 14, 2015

Urban Associates Inc. 5800 S. Eastern Ave. Suite 260 Commerce, CA 90040

REGARDING:

PROJECT NO. R2014-02734-(1)

**CONDITIONAL USE PERMIT NO. 201400129** 

5150 E. OLYMPIC BLVD., EAST LOS ANGELES (APN: 5245-011-042)

The Regional Planning Commission, by its action of January 14, 2015, has APPROVED the above-referenced project. Enclosed are the Commission's Findings and Conditions of Approval. Please carefully review each condition. This approval is not effective until the appeal period has ended and the required documents and applicable fees are submitted to the Regional Planning Department (see enclosed Affidavit of Acceptance Instructions).

> The applicant or any other interested persons may appeal the Regional Planning Commission's decision. The appeal period for this project will end at 5:00 p.m. on January 28, 2015. Appeals must be delivered in

person.

Appeals:

To file an appeal, please contact:

Executive Office of the Board of Supervisors Room 383, Kenneth Hahn Hall of Administration 500 West Temple Street, Los Angeles, CA 90012

(213) 974-1426

Upon completion of the appeal period, the notarized Affidavit of Acceptance and any applicable fees must be submitted to the planner assigned to your case. In addition, any applicable CEQA fees for the Department of Fish and Wildlife shall be paid, and a Notice of Determination, if applicable, must be filed with the County Clerk according to the instructions with the enclosed Affidavit of Acceptance. Please make an appointment to ensure that processing will be completed in a timely manner. Failure to submit these documents and applicable fees within 60 days will result in a referral to Zoning Enforcement for further action.

For questions or for additional information, please contact Kristina Kulczycki of the Zoning Permits East Section at (213) 974-6435, or by email at kkulczycki@planning.lacounty.gov. Our office hours are Monday through Thursday, 7:30 a.m. to 5:30 p.m. We are closed on Fridays.

Sincerely,

DEPARTMENT OF REGIONAL PLANNING

#### FINDINGS OF THE REGIONAL PLANNING COMMISSION AND ORDER COUNTY OF LOS ANGELES

PROJECT NO. R2014-02734-(1)
CONDITIONAL USE PERMIT NO. 201400129

- 1. The Los Angeles County ("County") Regional Planning Commission ("Commission") conducted a duly-noticed public hearing in the matter of Conditional Use Permit No. 201400129 ("CUP") on January 14, 2015.
- The permittee, 7-Eleven Inc. ("permittee"), requests the CUP to authorize the sale of beer and wine for off-site consumption within an existing convenience store ("Project") on a property located at 5105 E. Olympic Boulevard in the unincorporated community of East Los Angeles ("Project Site").
- 3. Pursuant to Los Angeles County Code ("County Code") section 22.28.210, the sale of alcoholic beverages for off-site consumption in connection with the operation of an existing convenience store is permitted in the C-3 (Unlimited Commercial) zone provided a CUP is first obtained. Additionally, pursuant to section 22.56.195.A.(1), establishments that do not currently, but propose to, sell alcoholic beverages, for either on-site or off-site consumption require a CUP. To sell beer and wine for off-site consumption, the permittee must first obtain a Type 20 license from the California Department of Alcoholic Beverage Control ("ABC").
- 4. The Project Site is 0.37 gross acres (0.16 net acres) in size and consists of one lot. The Project Site is rectangular in shape and is developed with a 2,624-square-foot store and a parking lot.
- 5. The Project Site is zoned C-3 (Unlimited Commercial) which allows for the sale of alcohol in connection with the operation of an existing convenience store with the approval of a CUP. The Project Site is also located within the East Los Angeles Community Standards District ("CSD") which has development standards for uses in the C-3 zone.
- 6. The Project Site is located within the Community Commercial land use category of the East Los Angeles Community Plan Land Use Policy Map.
- 7. Surrounding Zoning within a 500-foot radius includes:

North: R-3 (Limited Multiple Residence)

South: R-3, C-3, and IT (Institutional)

East: R-3 and C-3

West: C-3, C-M (Commercial Manufacturing), and M-1 (Light Manufacturing)

8. Surrounding land uses within a 500-foot radius include:

North: Single-family and multi-family residences

South: Single-family residences, multi-family residences, an elementary school, a

carwash, a gas station, auto sales, a candy manufacturer, restaurants, a

banquet hall, and an office

East: Single-family residences, multi-family residences, a market, retail stores,

auto repair, a boxing club, and a beauty salon

West: Single-family residences, multi-family residences, a church, offices, retail,

auto repair, and a car wash

9. The Project Site was zoned C-3 in 1929 with the adoption of Ordinance No. 1690 and the building was constructed in 1978. In 2014, the laundromat was converted to a convenience store with the approval of Plot Plan No. 201301296.

- 10. The site plan for the Project Site depicts an existing 2,624-square-foot building located in the northern portion of the property and a parking lot to the south. The floor plan identifies five coolers on the eastern side of the store where the beer and wine are proposed to be located.
- 11. The Project Site is accessible via Olympic Boulevard to the south and Vancouver Avenue to the west. Primary access to the Project Site will be via an entrance/exit on Olympic Boulevard. Secondary access to the Project Site will be via an entrance/exit on Vancouver.
- 12. The existing on-site parking lot contains nine parking spaces; five are standard-sized, three are compact, and one is designated as an accessible parking space.
- 13. The County Sheriff's Department ("Sheriff") indicated the convenience store has been open for less than a year and there have been no calls for service since it opened. After summarizing the calls for service for the Project Location, the Sheriff provided recommended conditions to: prevent excessive alcohol consumption, prohibit congregating and drinking outside of the building, and ensure that management contacts the local law enforcement if problems arise at the subject site.
- 14.ABC provided statistics for the crime reporting district indicating that the total number of offenses in Reporting District 286 is 484 and the average number of offenses per district is 85.7; therefore, the Project Site is located in a high crime reporting district. The number of licenses allowed in Census Tract 5317.02 is three and there are currently four existing licenses; therefore, ABC indicated that there is an undue concentration of licenses in this area.
- 15. Prior to the Commission's public hearing on the Project, Regional Planning staff determined that the Project qualified for a Class 1, Existing Facilities, categorical exemption from the California Environmental Quality Act (Public Resources Code section 21000, et seq.) ("CEQA"), the State CEQA Guidelines, and the Environmental Document Reporting Procedures and Guidelines for the County, because the Project involved the sale of beer and wine for off-site consumption within an existing convenience store, with negligible or no expansion of use beyond that which was previously existing.

- 16. Pursuant to the provisions of sections 22.60.174 and 22.60.175 of the County Code, the community was appropriately notified of the Project's public hearings by mail, newspaper, and property posting.
- 17. The Montebello Unified School District submitted a letter dated November 19, 2014 that expressed support for the Project.
- 18.A duly noticed public hearing was held on January 14, 2015 before the Commission. Commissioners Valadez, Louie, Shell, Pedersen, and Modugno were present. The applicant's representative, Erika Ramirez, presented testimony in favor of the request and answered questions presented by the Commission. Nine people provided testimony in support of the project and one person expressed concern with the addition of another business serving alcohol in the community. County Counsel proposed a change to the last sentence of Condition No. 44 to read: "If the Director determines that the permittee has been unable to acquire an expired license despite best efforts, the Director shall grant an extension or extensions which cumulatively shall not exceed one year." There being no further testimony, the Commission closed the public hearing and adopted the recommended change proposed by County Counsel and agreed to by the applicant.
- 19. The Commission finds that the Project is consistent with the goals and policies of the East Los Angeles Community Plan ("Community Plan"), a component of the General Plan, based on the following. The Community Commercial land use designation is intended for local-serving uses, like the existing convenience store. The sale of beer and wine is ancillary to the business and is therefore consistent with the allowed uses of the underlying land use category. The Community Plan contains policies to ensure compatibility of development with the surrounding area. The Community Plan seeks to "[p]romote coordination and development of existing businesses and encourage upgrading to improve their economic status." (East Los Angeles Community Plan Economic Development Policies, page five.) The addition of beer and wine sales as an ancillary use to the convenience store will help to ensure the continuing financial viability of the business.
- 20. The Commission finds that the Project is consistent with the C-3 zoning classification because the sale of alcohol in conjunction with the convenience store use is permitted in the C-3 zone with a CUP pursuant to section 22.28.210 of the County Code.
- 21. Conditions will provide additional safety measures, such as the maintenance of onsite security cameras and adequate lighting, in an effort to ensure that the business will continue to operate in a safe, neighborly manner. Based on the foregoing, the Commission finds that the Project will not adversely affect the health, peace, comfort or welfare of persons residing or working in the surrounding area, will not be materially detrimental to the use, enjoyment or valuation of property of other persons located in the vicinity of the Project Site, and will not jeopardize, endanger or otherwise constitute a menace to the public health, safety or general welfare.

- 22. Regional Planning staff visited the Project Site on September 25, 2014, and found that the existing facilities include parking, signage, and façade design that are consistent with Plot Plan No. 201301296. Based on the foregoing, the Commission finds that the Project Site is adequate in size and shape to accommodate the yards, walls, fences, parking and loading facilities, landscaping and other development features as are required in order to integrate the Project into the surrounding area.
- 23. The Project Site is accessible from Olympic Boulevard, an existing major highway, and is located along a proposed Class II Bike Path as classified in the 2012 Bicycle Master Plan adopted by the Board of Supervisors on March 13, 2012. There is also a bus stop located along Olympic Boulevard in the southwestern corner of the intersection of Olympic Boulevard and Vancouver Avenue. Based on the foregoing, the Commission finds that the Project Site is adequately served by highways or streets of sufficient width and improved as necessary to carry the kind and quantity of traffic such use would generate, and by other public or private service facilities as are required.
- 24. There are two sensitive uses within a 600-foot radius of the Project Site. The church is located approximately 400 feet to the west of the subject property and there is an entire block of retail stores between the two uses. The elementary school is approximately 500 feet to the southwest of the Project Site and it is buffered from the convenience store by both Vancouver Avenue and Olympic Boulevard. Based on the foregoing, the Commission finds that the requested use at the proposed location will not adversely affect the use of a place used exclusively for religious worship, school, park, playground, or any similar use within a 600-foot radius.
- 25. The Commission finds that the requested use at the proposed location is sufficiently buffered in relation to any residential area within the immediate vicinity so as not to adversely affect said area. There are residences to the north of the Project Site; however, there is a 20-foot wide alley that separates the residential uses from the commercially-zoned properties lining Olympic Boulevard.
- 26.ABC indicated that there is an undue concentration of licenses within the census tract and therefore, requires a finding of public convenience or necessity in order to issue authorization to allow for alcohol sales. The granting of this CUP to sell beer and wine for off-site consumption at an existing 7-Eleven store will serve as a public convenience to the surrounding neighborhood and patrons of the establishment, and is a complementary use for the store. However, the Commission finds that pursuant to County Code section 22.56.195, the addition of alcohol sales at the proposed location will not result in an undue concentration of similar premises since there is a separation of not less than 500 feet between the other alcohol-selling establishments and the Project Site.
- 27. The Commission finds that there are no other businesses selling alcohol within 500 feet of the Project Site. Furthermore, the sale of alcohol will be incidental to the sale of other convenience items within the store. Based on the foregoing, the Commission finds that the requested use at the proposed location will not adversely affect the economic welfare of the nearby community.

- 28.A site visit by staff from the Department of Regional Planning confirmed that the property is well maintained. Conditions related to property maintenance will ensure that the exterior appearance of the building will remain clean and free of graffiti. Based on the foregoing, the Commission finds that the exterior appearance of the structure will not be inconsistent with the exterior appearance of commercial structures already constructed or under construction within the immediate neighborhood so as to cause blight, deterioration, or substantially diminish or impair property values within the neighborhood.
- 29. The Commission finds that to ensure continued compatibility between the Project and the surrounding land uses, it is necessary to limit the Conditional Use Permit to fifteen (15) years.
- 30. The Commission finds that pursuant to sections 22.60.174 and 22.60.175 of the County Code, the community was properly notified of the public hearing by mail, newspaper, and property posting. Additionally, the Project was noticed and case materials were available on Regional Planning's website and at the East Los Angeles Library. On November 19, 2014, a total of 108 Notices of Public Hearing were mailed to all property owners as identified on the County Assessor's record within a 500-foot radius from the Project Site, as well as seven notices to those on the courtesy mailing list for the Eastside Unit No. 1 Zoned District and to any additional interested parties.
- 31. The location of the documents and other materials constituting the record of proceedings upon which the Commission's decision is based in this matter is at the Los Angeles County Department of Regional Planning, 13th Floor, Hall of Records, 320 West Temple Street, Los Angeles, California 90012. The custodian of such documents and materials shall be the Section Head of the Zoning Permits East Section, Department of Regional Planning.

## BASED ON THE FOREGOING, THE REGIONAL PLANNING COMMISSION CONCLUDES THAT:

- A. The proposed use with the attached conditions will be consistent with the adopted General Plan.
- B. The proposed use at the site will not adversely affect the health, peace, comfort or welfare of persons residing or working in the surrounding area, will not be materially detrimental to the use, enjoyment or valuation of property of other persons located in the vicinity of the site, and will not jeopardize, endanger or otherwise constitute a menace to the public health, safety or general welfare.
- C. The proposed site is adequate in size and shape to accommodate the yards, walls, fences, parking and loading facilities, landscaping and other development features prescribed in this Title 22, or as is otherwise required in order to integrate said use with the uses in the surrounding area.

- D. The proposed site is adequately served by highways or streets of sufficient width and improved as necessary to carry the kind and quantity of traffic such use would generate, and by other public or private service facilities as are required.
- E. The requested use at the proposed location will not adversely affect the use of a place used exclusively for religious worship, school, park, playground, or any similar use within a 600-foot radius.
- F. The requested use at the proposed location is sufficiently buffered in relation to any residential area within the immediate vicinity so as not to adversely affect said area.
- G. The requested use will not result in an undue concentration of similar premises.
- H. The requested use at the proposed location will not adversely affect the economic welfare of the nearby community.
- I. The exterior appearance of the structure will not be inconsistent with the exterior appearance of commercial structures already constructed or under construction within the immediate neighborhood so as to cause blight, deterioration, or substantially diminish or impair property values within the neighborhood.

#### THEREFORE, THE REGIONAL PLANNING COMMISSION:

- 1. Finds that the Project is exempt from the California Environmental Quality Act pursuant to section 15301 of the State CEQA Guidelines (Class 1, Existing Facilities categorical exemption); and
- 2. Approves Conditional Use Permit No. 201400129, subject to the attached conditions.

MM:KK 1/14/15

c: Each Commissioner, Zoning Enforcement, Building and Safety

## CONDITIONS OF APPROVAL COUNTY OF LOS ANGELES PROJECT NO. R2014-02734-(1) CONDITIONAL USE PERMIT NO. 201400129

#### PROJECT DESCRIPTION

The project is for a Conditional Use Permit ("CUP") to authorize the sale of beer and wine for off-site consumption within an existing convenience store subject to the following conditions of approval:

#### **GENERAL CONDITIONS**

- Unless otherwise apparent from the context, the term "permittee" shall include the applicant, owner of the property, and any other person, corporation, or other entity making use of this grant.
- 2. This grant shall not be effective for any purpose until the permittee, and the owner of the subject property if other than the permittee, have filed at the office of the Los Angeles County ("County") Department of Regional Planning ("Regional Planning") their affidavit stating that they are aware of and agree to accept all of the conditions of this grant, and that the conditions of the grant have been recorded as required by Condition No. 7, and until all required monles have been paid pursuant to Condition No. 10. Notwithstanding the foregoing, this Condition No. 2 and Condition Nos. 4, 5, and 9 shall be effective immediately upon the date of final approval of this grant by the County.
- 3. Unless otherwise apparent from the context, the term "date of final approval" shall mean the date the County's action becomes effective pursuant to Section 22.60.260 of the County Code.
- 4. The permittee shall defend, indemnify, and hold harmless the County, its agents, officers, and employees from any claim, action, or proceeding against the County or its agents, officers, or employees to attack, set aside, void, or annul this permit approval, which action is brought within the applicable time period of Government Code Section 65009 or any other applicable limitations period. The County shall promptly notify the permittee of any claim, action, or proceeding and the County shall reasonably cooperate in the defense. If the County fails to promptly notify the permittee of any claim, action, or proceeding, or if the County fails to cooperate reasonably in the defense, the permittee shall not thereafter be responsible to defend, indemnify, or hold harmless the County.
- 5. In the event that any claim, action, or proceeding as described above is filed against the County, the permittee shall within ten days of the filing make an initial deposit with Regional Planning in the amount of up to \$5,000.00, from which actual costs and expenses shall be billed and deducted for the purpose of defraying the costs or expenses involved in Regional Planning's cooperation in the defense, including but not limited to, depositions, testimony, and other assistance provided to permittee or permittee's counsel.

If during the litigation process, actual costs or expenses incurred reach 80 percent of the amount on deposit, the permittee shall deposit additional funds sufficient to bring the balance up to the amount of \$5,000.00. There is no limit to the number of supplemental deposits that may be required prior to completion of the litigation.

At the sole discretion of the permittee, the amount of an initial or any supplemental deposit may exceed the minimum amounts defined herein. Additionally, the cost for collection and duplication of records and other related documents shall be paid by the permittee according to County Code Section 2.170.010.

- If any material provision of this grant is held or declared to be invalid by a court of competent jurisdiction, the permit shall be void and the privileges granted hereunder shall lapse.
- 7. Prior to the use of this grant, the permittee, or the owner of the subject property if other than the permittee, shall record the terms and conditions of the grant in the office of the County Registrar-Recorder/County Clerk ("Recorder"). In addition, upon any transfer or lease of the property during the term of this grant, the permittee, or the owner of the subject property if other than the permittee, shall promptly provide a copy of the grant and its conditions to the transferee or lessee of the subject property.
- 8. This grant shall terminate on January 14, 2030. Entitlement to use of the property thereafter shall be subject to the regulations then in effect. If the permittee intends to continue operations after such date, whether or not the permittee proposes any modifications to the use at that time, the permittee shall file a new Conditional Use Permit application with Regional Planning, or shall otherwise comply with the applicable requirements at that time. Such application shall be filed at least six (6) months prior to the expiration date of this grant and shall be accompanied by the required fee. In the event that the permittee seeks to discontinue or otherwise change the use, notice is hereby given that the use of such property may require additional or different permits and would be subject to the then-applicable regulations.
- This grant shall expire unless used within two (2) years from the date of final
  approval of the grant. A single one-year time extension may be requested in
  writing and with the payment of the applicable fee prior to such expiration date.
- 10. The subject property shall be maintained and operated in full compliance with the conditions of this grant and any law, statute, ordinance, or other regulation applicable to any development or activity on the subject property. Failure of the permittee to cease any development or activity not in full compliance shall be a violation of these conditions. Inspections shall be made to ensure compliance with the conditions of this grant as well as to ensure that any development undertaken on the subject property is in accordance with the approved site plan on file. The permittee shall deposit with the County the sum of \$1,600.00. The deposit shall be placed in a performance fund, which shall be used exclusively to compensate

#### CONDITIONS OF APPROVAL PAGE 3 OF 6

Regional Planning for all expenses incurred while inspecting the premises to determine the permittee's compliance with the conditions of approval. The fund provides for <u>eight (8) or biennial (one every other year)</u> inspections. Inspections shall be unannounced.

If additional inspections are required to ensure compliance with the conditions of this grant, or if any inspection discloses that the subject property is being used in violation of any one of the conditions of this grant, the permittee shall be financially responsible and shall reimburse Regional Planning for all additional enforcement efforts necessary to bring the subject property into compliance. The amount charged for additional inspections shall be \$200.00 per inspection, or the current recovery cost at the time any additional inspections are required, whichever is greater.

- 11. Notice is hereby given that any person violating a provision of this grant is guilty of a misdemeanor. Notice is further given that the Regional Planning Commission ("Commission") or a Hearing Officer may, after conducting a public hearing, revoke or modify this grant, if the Commission or Hearing Officer finds that these conditions have been violated or that this grant has been exercised so as to be detrimental to the public's health or safety or so as to be a nuisance, or as otherwise authorized pursuant to Chapter 22.56, Part 13 of the County Code.
- 12. All development pursuant to this grant must be kept in full compliance with the County Fire Code to the satisfaction of said department.
- 13. All development pursuant to this grant shall conform with the requirements of the County Department of Public Works to the satisfaction of said department.
- 14. All development pursuant to this grant shall comply with the requirements of Title 22 of the County Code and of the specific zoning of the subject property, unless specifically modified by this grant, as set forth in these conditions, including the approved Exhibit "A," or a revised Exhibit "A" approved by the Director of Regional Planning ("Director").
- 15. The permittee shall maintain the subject property in a neat and orderly fashion. The permittee shall maintain free of litter all areas of the premises over which the permittee has control.
- 16. All structures, walls and fences open to public view shall remain free of graffiti or other extraneous markings, drawings, or signage that was not approved by Regional Planning. These shall include any of the above that do not directly relate to the business being operated on the premises or that do not provide pertinent information about said premises. The only exceptions shall be seasonal decorations or signage provided under the auspices of a civic or non-profit organization.

In the event of graffiti or other extraneous markings occurring, the permittee shall remove or cover said markings, drawings, or signage within 24 hours of notification

of such occurrence, weather permitting. Paint utilized in covering such markings shall be of a color that matches, as closely as possible, the color of the adjacent surfaces.

- 17. The subject property shall be developed and maintained in substantial conformance with the plans marked Exhibit "A." If changes to any of the plans marked Exhibit "A" are required as a result of instruction given at the public hearing, three (3) copies of a modified Exhibit "A" shall be submitted to Regional Planning by March 16, 2015.
- 18. In the event that subsequent revisions to the approved Exhibit "A" are submitted, the permittee shall submit three (3) copies of the proposed plans to the Director for review and approval. All revised plans must substantially conform to the originally approved Exhibit "A". All revised plans must be accompanied by the written authorization of the property owner(s) and applicable fee for such revision.

#### PERMIT SPECIFIC CONDITIONS

- 19. The conditions of this grant shall be retained on the premises at all times and shall be immediately produced upon request of any County Sheriff, Zoning Inspector or Department of Alcoholic Beverage Control agent. The manager and all employees of the facility shall be knowledgeable of the conditions herein.
- 20. Loitering shall be prohibited on the subject property, including loitering by employees of the subject property. Signage in compliance with Section 22.52 Part 10 of the County Code shall be placed on the premises indicating said prohibition. Employees shall be instructed to enforce these regulations and to call local law enforcement if necessary.
- 21. The permittee, and all managers and designated employees of the establishment, who directly serve or are in the practice of selling alcoholic beverages, shall participate in the LEAD (Licensee Education on Alcohol and Drugs) Program provided by the State of California Department of Alcoholic Beverage Control. All new designated employees shall be required to attend. The licensee shall display a certificate or plaque in a publicly accessible area of the establishment such as the lobby, indicating they have participated in this program. Proof of completion of the facilities' training program by employees, the licensee and all managers shall be available upon request.
- 22. The permittee shall not advertise the sale of alcoholic beverages on the exterior of any structure on the subject property including windows, walls, fences or similar structures.
- 23. All regulations of the State of California prohibiting the sale of alcoholic beverages to minors shall be strictly enforced.
- 24. The permittee shall post or otherwise provide telephone numbers of local law enforcement agencies and taxicab companies at or near the cashier, or similar

- public service area. Such telephone numbers shall be visible by and available to the general public.
- 25. The consumption of alcoholic beverages shall be prohibited on the subject property. The permittee shall post signage on the premises prohibiting consumption of alcoholic beverages on the premises.
- 26. No sale of alcoholic beverages shall be made from a drive-in window.
- 27. There shall be no beer sold in containers under one quart or in less than six-pack quantities.
- 28. No display of alcoholic beverages shall be made from an ice tub.
- 29. Employees on duty from the hours of 10:00 p.m. and 2:00 a.m. who sell alcohol shall be at least 21 years of age.
- 30. No alcoholic beverages shall be displayed within five feet of the cash register or the front door unless it is in a permanently affixed cooler.
- 31. There shall be no wine, with the exception of wine coolers, sold in containers of less than 750 milliliters. No miniatures of any type may be sold. Wine coolers shall not be sold in less than four-pack quantities.
- 32. No malt liquors and/or malt based products with alcoholic content greater than five percent by volume shall be sold.
- 33. The sale of fortified wines shall be prohibited.

#### PROJECT SITE SPECIFIC CONDITIONS

- 34. This grant shall authorize the sale of beer and wine for off-site consumption within the existing convenience store.
- 35. Alcohol sales shall be prohibited between 2:00 a.m. to 6:00 a.m. seven days a week, consistent with California state law.
- 36. The permittee shall display alcoholic beverages only in the coolers or shelving designated for storage of said beverages as depicted on the floor plan labeled Exhibit 'A'. No additional display of alcoholic beverages shall be provided elsewhere on the premises.
- 37. The coolers designated for the storage of alcoholic beverages as shown on the Exhibit 'A' shall be locked during non-sale hours.
- 38. At least two on-site security cameras shall be maintained in good operating condition within the convenience store and shall be in operation during regular business hours. Footage from the security cameras shall be retained for at least 30

days, during which time it shall be made available to law enforcement upon request.

- 39. All lighting required by this grant shall be of sufficient power to illuminate and make easily discernible the appearance and conduct of all persons within lighted areas during operating hours and shall be designed so as to direct light and glare only onto the facility premises. Said lighting and glare shall be deflected, shaded and focused away from all adjoining properties.
- 40. The permittee shall provide adequate lighting above all entrances and exits to the premises and in all parking areas and walkways under control of the permittee or required as a condition of this grant.
- 41. All litter and trash shall be collected regularly from the premises and the adjacent right-of-way.
- 42. The licensed premises shall have no coin operated amusements, such as pool tables, juke boxes, video games, small carousel rides or similar riding machines, with the exception of official State Lottery machines.
- 43. No outside storage is permitted on the subject property.
- 44. The permittee is required to purchase an existing alcohol license in the East Los Angeles community no later than <a href="March 16">March 16</a>, 2015. If, despite evidence provided to the Director of Regional Planning ("Director") of best efforts to obtain an expired license, the permittee requires additional time, then the permittee may request additional time in writing from the Director. If the Director determines that the permittee has been unable to acquire an expired license despite best efforts, the Director shall grant an extension or extensions which cumulatively shall not exceed one year.

#### STAFF ANALYSIS PAGE 1 OF 7

#### **ENTITLEMENTS REQUESTED**

 Conditional Use Permit ("CUP") to authorize the sale of beer and wine for off-site consumption in conjunction with a convenience store in the C-3 (Unlimited Commercial) zone pursuant to section 22.28.210 of the Los Angeles County Code ("County Code").

#### PROJECT DESCRIPTION

The applicant is requesting a CUP for the sale of beer and wine for off-site consumption (Type 20) within an existing "7-Eleven Convenience Store." No alcohol is currently sold on the premises. Alcohol sales are proposed between the hours of 6:00 a.m. and 2:00 a.m. seven days a week.

#### SITE PLAN DESCRIPTION

The subject property is 0.16 acres in size and is developed with a 2,624-square-foot building containing the convenience store. Approximately 30 square feet of floor area will be used to store beer and wine. An existing paved parking lot containing nine parking spaces is located in front of the building and is accessed from both Vancouver Avenue and Olympic Boulevard.

#### **EXISTING ZONING**

The subject property is zoned C-3 (Unlimited Commercial) and is within the East Los Angeles Community Standards District ("CSD").

Surrounding properties are zoned as follows:

North: R-3 (Limited Multiple Residence)

South: R-3, C-3, and IT (Institutional)

East: R-3 and C-3

West: C-3, C-M (Commercial Manufacturing), and M-1 (Light Manufacturing)

#### **EXISTING LAND USES**

The subject property is developed with a one-story building containing the convenience store and a paved parking lot in front of the building.

Surrounding properties are developed as follows:

North: Single-family and multi-family residences

South: Single-family residences, multi-family residences, an elementary school, a carwash, a gas station, auto sales, a candy manufacturer, restaurants, a banquet hall, and an office

East: Single-family residences, multi-family residences, a market, retail stores, auto repair, a boxing club, and a beauty salon

West: Single-family residences, multi-family residences, a church, offices, retail, auto repair, and a car wash

#### PREVIOUS CASES/ZONING HISTORY

Ordinance No. 1690 was adopted by the Board of Supervisors on June 24, 1929 and changed the zoning on the property to C-3.

#### STAFF ANALYSIS PAGE 2 OF 7

Regional Planning does not have any record of approval for the construction of the building; however, the Los Angeles County Assessor's records identify the construction of a shop in 1978.

Plot Plan No. 28212 was approved by the Director for a pole sign and wall sign on September 19, 1978.

Plot Plan No. 201301296 was approved by the Director on March 26, 2014 for the conversion of the store from a laundromat to a convenience store.

Plot Plan No. 201400269 was approved by the Director on April 10, 2014 for updated signage.

#### **ENVIRONMENTAL DETERMINATION**

Los Angeles County ("County") Staff recommends that this project qualifies for a Categorical Exemption (Class 1 Exemption, Existing Facilities) under the California Environmental Quality Act (CEQA) and the County environmental guidelines. The Class 1 Categorical Exemption allows for the operation of existing facilities involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. No expansions to the existing structure and no intensification of use are proposed. Therefore, staff recommends that the Regional Planning Commission determine that the project is categorically exempt from CEQA.

#### STAFF EVALUATION

#### General Plan/Community Plan Consistency

The project site is located within the Community Commercial land use category of the East Los Angeles Community Plan. This designation is intended for areas with mostly small businesses in centers or along strips and includes local-serving uses rather than regional stores. The existing convenience store is located along Olympic Boulevard, a major highway lined with C-3 zoned properties. Many of the uses along this highway are restaurants and other types of small commercial businesses. The convenience store use is compatible with other uses along this highway and provides a necessary service to the surrounding community. Therefore, the convenience store is consistent with the permitted uses of the underlying land use category. The sale of alcoholic beverages is ancillary to the commercial business and is therefore consistent with the allowed uses of the underlying land use category.

The following policy of the General Plan is applicable to the proposed project:

• Maintain and conserve sound existing development. (Policy 20, Page I-21)

The building was constructed in 1978 and has always operated as a commercial business. The addition of beer and wine sales within the convenience store will help to sustain its operation at this location.

#### STAFF ANALYSIS PAGE 3 OF 7

The following policy of the East Los Angeles Community Plan is applicable to the proposed project:

 Promote coordination and development of existing businesses and encourage upgrading to improve their economic status. (Economic Development, Page Five).

The addition of beer and wine sales within the existing convenience store will promote the financial viability of the business.

#### Zoning Ordinance and Development Standards Compliance

Pursuant to section 22.28.210 of the County Code, an approved Conditional Use Permit is required in the C-3 zone for the sale of alcoholic beverages for off-site consumption. The applicant proposes to sell beer and wine for off-site consumption within the existing convenience store with a Type 20 license. Section 22.28.220 of the County Code identifies the following development standards for establishments in the C-3 zone:

#### Parking

Section 22.52.1100 requires that every lot or parcel of land which is used for a use permitted in the C-3 zone but not permitted in the R-4 zone shall provide an area of sufficient size so that it contains one automobile parking space plus adequate access thereto for each 250 square feet of floor area of any building or structure so used. The site plan identifies a building area of 2,624 square feet; therefore, 10 parking spaces are required and only nine are provided. However, the building was constructed in 1978. At the time the building was constructed, the parking ratio for commercial uses was one parking space for every 400 square feet of building area. Therefore, the applicant satisfies the parking requirements applicable to the project.

#### Outside Display

All display shall be located entirely within an enclosed building, with certain exceptions, unless otherwise authorized by a temporary use permit. Outside storage is permitted on the rear of a lot or parcel of land when such storage is strictly incidental to the permitted use. The applicant is not proposing outside display or storage as part of this request.

#### Lot Coverage and Landscaping

Maximum lot coverage is 90 percent of the net area and a minimum of 10 percent of the net area shall be landscaped with a lawn, shrubbery, flowers and/or trees, which shall be continuously maintained in good condition. No landscaping is provided on the site. However, the building was constructed in 1978 and the 10 percent net lot area landscaping requirement was not adopted until 1983 by Ordinance Number 83-0161. Therefore, no landscaping was required at the time of construction.

STAFF ANALYSIS PAGE 4 OF 7

Pursuant to section 22.44.118 of the County Code, establishments in the East Los Angeles Community Standards District ("CSD") are subject to the following development standards:

#### Signage

The CSD includes restrictions on freestanding signs and outdoor advertising signs. The CSD also restricts the total permitted sign area to 10 percent of the building face and clarifies that this area shall not exceed 240 square feet. No signage is proposed as a part of this project.

#### Height

The maximum building height is restricted to 40 feet in the C-3 zone. The existing building height is 17 feet and six inches, with a parapet wall; therefore, the building height is consistent with the development standard listed in the CSD.

#### Multiple-Tenant Commercial

The multiple-tenant commercial requirements listed in the CSD only apply to projects with more than five tenants in a building without permanent floor-to-ceiling walls separating each business. The subject building only contains the convenience store. Therefore, the standards for multiple-tenant commercial projects do not apply to this project.

#### Landscaping and Buffering

Pursuant to current County Code requirements, parking areas adjacent to a property line shall provide a five-foot landscaping buffer. Additionally, a landscaping buffer of five feet will be required when a commercial zone abuts a residence or residential zone. Landscaping shall be provided and maintained in a neat and orderly manner. A 15-gallon tree shall be provided for every 50 square feet of landscaped area and will be equally spaced along the buffer strip. Permanent irrigation systems shall be required and maintained in good working order. A solid masonry wall not less than five feet nor more than six feet in height shall be provided along the side and rear property lines. The site was constructed prior to these requirements and no expansion of the existing building is proposed.

#### Loading

The CSD states that loading doors and activity shall be located away from adjacent residences where practical. Section 22.52.1084 of the County Code includes a chart identifying the number of required loading spaces based on the use of the site and the gross floor area. For commercial uses that have a gross floor area of less than 5,000 square feet there is no requirement for a loading area. The gross floor area of the subject building is 2,624 square feet; therefore, no loading area is required for this site.

STAFF ANALYSIS PAGE 5 OF 7

#### Site Visit

Staff conducted a site visit September 25, 2014, and found that the plans are consistent with the site. The building is well maintained; however, there were several unpermitted banners and temporary signs displayed on the property. Staff has requested that the applicant remove the banners prior to scheduling the case for hearing.

#### **Burden of Proof**

The applicant is required to substantiate all facts identified by sections 22.56.040 and 22.56.195 of the County Code. The Burden of Proof with applicant's responses is attached. Staff is of the opinion that the applicant has met the burden of proof.

#### Neighborhood Impact/Land Use Compatibility

The subject property is located along a commercial corridor with a variety of commercial uses along both sides of Olympic Boulevard. There are no open Zoning Enforcement violation cases on the property. There are two sensitive uses within a 600-foot radius of the subject property including a church and an elementary school. However, the church is located approximately 400 feet to the west of the subject property and there is an entire block of retail stores between the two uses. Additionally, the elementary school is approximately 500 feet to the southwest of the subject site and it is buffered from the convenience store by both Vancouver Avenue and Olympic Boulevard.

There are no other businesses selling alcohol within 500 feet of the subject property; however, there are four other businesses selling alcohol within the census tract. These other businesses include two liquor stores with Type 21 licenses, one CVS Pharmacy with a Type 21 license, and a market with a Type 20 license. Although the other businesses are within the same census tract, they are at least 700 feet from the subject property. Furthermore, the applicant intends to purchase an existing Type 20 license in the area. According to section 22.56.195 of the County Code, the addition of alcohol sales at the proposed location will not result in an undue concentration of similar premises since there is a separation of not less than 500 feet between the other alcohol-selling establishments and the Project Site.

This property is located within a high crime reporting district. However, the Sheriff provided a summary of calls for service to this property and indicated that there have been no calls for service since the 7-Eleven opened at this location. Staff is of the opinion that with the proposed draft conditions, the sale of alcohol within the existing convenience store will not adversely affect the health, peace, comfort or welfare of persons residing or working in the area, or endanger or otherwise constitute a menace to the public health, safety or general welfare.

#### **COUNTY DEPARTMENT COMMENTS AND RECOMMENDATIONS**

Correspondence dated October 2, 2014 was received from the Los Angeles County Sheriff's Department East Los Angeles Station. According to the letter, the convenience store has been open for less than a year and there have been no calls for service since it opened.

STAFF ANALYSIS PAGE 6 OF 7

The Sheriff indicated that there have been issues with alcohol consumption within the vicinity of the subject property and therefore, requested that conditions be added to the permit in order to: prevent excessive alcohol consumption, prohibit congregating and drinking outside of the building, and ensure that management contacts the local law enforcement if problems arise at the subject site. The following conditions have been added to address the Sheriff's comments:

- The consumption of alcoholic beverages shall be prohibited on the subject property. The permittee shall post signage on the premises prohibiting consumption of alcoholic beverages on the premises.
- Loitering shall be prohibited on the subject property, including loitering by employees of the subject property. Signage in compliance with section 22.52 Part 10 of the County Code shall be placed on the premises indicating said prohibition. Employees shall be instructed to enforce these regulations and to call local law enforcement if necessary.
- The permittee shall post or otherwise provide telephone numbers of local law enforcement agencies and taxicab companies at or near the cashier, or similar public service area. Such telephone numbers shall be visible by and available to the general public.

#### OTHER AGENCY COMMENTS AND RECOMMENDATIONS

According to the Department of Alcoholic Beverage Control ("ABC"), the addition of a license to sell beer and wine at the subject location would cause an undue concentration of licenses within the census tract. There are currently four ABC licenses in this census tract, three are allowed. Additionally, statistical data from ABC's report indicates that the site of the subject request is located in a high crime reporting district. The subject property is in Reporting District 286 and Census Tract 5317.02. The average number of offenses is 85.7 and the actual number of crimes reported for District 286 is 484. Therefore, ABC requires a finding of public convenience or necessity in order to issue authorization to allow for alcohol sales. The granting of this CUP to sell beer and wine for off-site consumption at an existing 7-Eleven store will serve as a public convenience to the surrounding neighborhood and patrons of the establishment, and is a complementary use for the store.

#### LEGAL NOTIFICATION AND PUBLIC OUTREACH

Pursuant to the provisions of Sections 22.60.174 and 22.60.175 of the County Code, the community was appropriately notified of the public hearing by mail, newspaper, property posting, library posting and DRP website posting.

#### **PUBLIC COMMENTS**

A letter dated November 19, 2014 was received from the Montebello Unified School District that expresses support for the project and identifies the applicant as a "responsible retailer."

#### FEES/DEPOSITS

If approved, fees identified in the attached project conditions will apply unless modified by the Regional Planning Commission.

#### STAFF ANALYSIS PAGE 7 OF 7

#### STAFF RECOMMENDATION

The following recommendation is made prior to the public hearing and is subject to change based upon testimony and/or documentary evidence presented at the public hearing:

Staff recommends **APPROVAL** of Project Number R2014-02734-(1), Conditional Use Permit Number 201400129, subject to the attached conditions.

#### SUGGESTED APPROVAL MOTION:

I MOVE THAT THE REGIONAL PLANNING COMMISSION CLOSE THE PUBLIC HEARING, DETERMINE THAT THE PROJECT IS EXEMPT FROM THE CALIFORNIA ENVIRONMENTAL QUALITY ACT PURSUANT TO THE CLASS 1 CATEGORICAL EXEMPTION, AND APPROVE CONDITIONAL USE PERMIT NUMBER 201400129 SUBJECT TO THE ATTACHED FINDINGS AND CONDITIONS.

# DRAFT FINDINGS OF THE REGIONAL PLANNING COMMISSION AND ORDER COUNTY OF LOS ANGELES PROJECT NO. R2014-02734-(1) CONDITIONAL USE PERMIT NO. 201400129

- The Los Angeles County ("County") Regional Planning Commission ("Commission") conducted a duly-noticed public hearing in the matter of Conditional Use Permit No. 201400129 ("CUP") on January 14, 2015.
- 2. The permittee, 7-Eleven Inc. ("permittee"), requests the CUP to authorize the sale of beer and wine for off-site consumption within an existing convenience store ("Project") on a property located at 5105 E. Olympic Boulevard in the unincorporated community of East Los Angeles ("Project Site").
- 3. Pursuant to Los Angeles County Code ("County Code") section 22.28.210, the sale of alcoholic beverages for off-site consumption in connection with the operation of an existing convenience store is permitted in the C-3 (Unlimited Commercial) zone provided a CUP is first obtained. Additionally, pursuant to section 22.56.195.A.(1), establishments that do not currently, but propose to, sell alcoholic beverages, for either on-site or off-site consumption require a CUP. To sell beer and wine for off-site consumption, the permittee must first obtain a Type 20 license from the California Department of Alcoholic Beverage Control ("ABC").
- 4. The Project Site is 0.37 gross acres (0.16 net acres) in size and consists of one lot. The Project Site is rectangular in shape and is developed with a 2,624-square-foot store and a parking lot.
- 5. The Project Site is zoned C-3 (Unlimited Commercial) which allows for the sale of alcohol in connection with the operation of an existing convenience store with the approval of a CUP. The Project Site is also located within the East Los Angeles Community Standards District ("CSD") which has development standards for uses in the C-3 zone.
- 6. The Project Site is located within the Community Commercial land use category of the East Los Angeles Community Plan Land Use Policy Map.
- 7. Surrounding Zoning within a 500-foot radius includes:

North: R-3 (Limited Multiple Residence)

South: R-3, C-3, and IT (Institutional)

East: R-3 and C-3

West: C-3, C-M (Commercial Manufacturing), and M-1 (Light Manufacturing)

8. Surrounding land uses within a 500-foot radius include:

North: Single-family and multi-family residences

#### DRAFT FINDINGS PAGE 2 OF 6

South: Single-family residences, multi-family residences, an elementary school, a

carwash, a gas station, auto sales, a candy manufacturer, restaurants, a

banquet hall, and an office

East: Single-family residences, multi-family residences, a market, retail stores,

auto repair, a boxing club, and a beauty salon

West: Single-family residences, multi-family residences, a church, offices, retail,

auto repair, and a car wash

- 9. The Project Site was zoned C-3 in 1929 with the adoption of Ordinance No. 1690 and the building was constructed in 1978. In 2014, the laundromat was converted to a convenience store with the approval of Plot Plan No. 201301296.
- 10. The site plan for the Project Site depicts an existing 2,624-square-foot building located in the northern portion of the property and a parking lot to the south. The floor plan identifies five coolers on the eastern side of the store where the beer and wine are proposed to be located.
- 11. The Project Site is accessible via Olympic Boulevard to the south and Vancouver Avenue to the west. Primary access to the Project Site will be via an entrance/exit on Olympic Boulevard. Secondary access to the Project Site will be via an entrance/exit on Vancouver.
- 12. The existing on-site parking lot contains nine parking spaces; five are standard-sized, three are compact, and one is designated as an accessible parking space.
- 13. The County Sheriff's Department ("Sheriff") indicated the convenience store has been open for less than a year and there have been no calls for service since it opened. After summarizing the calls for service for the Project Location, the Sheriff provided recommended conditions to: prevent excessive alcohol consumption, prohibit congregating and drinking outside of the building, and ensure that management contacts the local law enforcement if problems arise at the subject site.
- 14.ABC provided statistics for the crime reporting district indicating that the total number of offenses in Reporting District 286 is 484 and the average number of offenses per district is 85.7; therefore, the Project Site is located in a high crime reporting district. The number of licenses allowed in Census Tract 5317.02 is three and there are currently four existing licenses; therefore, ABC indicated that there is an undue concentration of licenses in this area.
- 15. Prior to the Commission's public hearing on the Project, Regional Planning staff determined that the Project qualified for a Class 1, Existing Facilities, categorical exemption from the California Environmental Quality Act (Public Resources Code section 21000, et seq.) ("CEQA"), the State CEQA Guidelines, and the Environmental Document Reporting Procedures and Guidelines for the County, because the Project involved the sale of beer and wine for off-site consumption within an existing convenience store, with negligible or no expansion of use beyond that which was previously existing.

- 16. Pursuant to the provisions of sections 22.60.174 and 22.60.175 of the County Code, the community was appropriately notified of the Project's public hearings by mail, newspaper, and property posting.
- 17. The Montebello Unified School District submitted a letter dated November 19, 2014 that expressed support for the Project.
- 18. To be inserted after the public hearing to reflect hearing proceedings.
- 19. The Commission finds that the Project is consistent with the goals and policies of the East Los Angeles Community Plan ("Community Plan"), a component of the General Plan, based on the following. The Community Commercial land use designation is intended for local-serving uses, like the existing convenience store. The sale of beer and wine is ancillary to the business and is therefore consistent with the allowed uses of the underlying land use category. The Community Plan contains policies to ensure compatibility of development with the surrounding area. The Community Plan seeks to "[p]romote coordination and development of existing businesses and encourage upgrading to improve their economic status." (East Los Angeles Community Plan Economic Development Policies, page five.) The addition of beer and wine sales as an ancillary use to the convenience store will help to ensure the continuing financial viability of the business.
- 20. The Commission finds that the Project is consistent with the C-3 zoning classification because the sale of alcohol in conjunction with the convenience store use is permitted in the C-3 zone with a CUP pursuant to section 22.28.210 of the County Code.
- 21. Conditions will provide additional safety measures, such as the maintenance of onsite security cameras and adequate lighting, in an effort to ensure that the business will continue to operate in a safe, neighborly manner. Based on the foregoing, the Commission finds that the Project will not adversely affect the health, peace, comfort or welfare of persons residing or working in the surrounding area, will not be materially detrimental to the use, enjoyment or valuation of property of other persons located in the vicinity of the Project Site, and will not jeopardize, endanger or otherwise constitute a menace to the public health, safety or general welfare.
- 22. Regional Planning staff visited the Project Site on September 25, 2014, and found that the existing facilities include parking, signage, and façade design that are consistent with Plot Plan No. 201301296. Based on the foregoing, the Commission finds that the Project Site is adequate in size and shape to accommodate the yards, walls, fences, parking and loading facilities, landscaping and other development features as are required in order to integrate the Project into the surrounding area.
- 23. The Project Site is accessible from Olympic Boulevard, an existing major highway, and is located along a proposed Class II Bike Path as classified in the 2012 Bicycle Master Plan adopted by the Board of Supervisors on March 13, 2012. There is also a bus stop located along Olympic Boulevard in the southwestern corner of the intersection of Olympic Boulevard and Vancouver Avenue. Based on the foregoing,

the Commission finds that the Project Site is adequately served by highways or streets of sufficient width and improved as necessary to carry the kind and quantity of traffic such use would generate, and by other public or private service facilities as are required.

- 24. There are two sensitive uses within a 600-foot radius of the Project Site. The church is located approximately 400 feet to the west of the subject property and there is an entire block of retail stores between the two uses. The elementary school is approximately 500 feet to the southwest of the Project Site and it is buffered from the convenience store by both Vancouver Avenue and Olympic Boulevard. Based on the foregoing, the Commission finds that the requested use at the proposed location will not adversely affect the use of a place used exclusively for religious worship, school, park, playground, or any similar use within a 600-foot radius.
- 25. The Commission finds that the requested use at the proposed location is sufficiently buffered in relation to any residential area within the immediate vicinity so as not to adversely affect said area. There are residences to the north of the Project Site; however, there is a 20-foot wide alley that separates the residential uses from the commercially-zoned properties lining Olympic Boulevard.
- 26.ABC indicated that there is an undue concentration of licenses within the census tract and therefore, requires a finding of public convenience or necessity in order to issue authorization to allow for alcohol sales. The granting of this CUP to sell beer and wine for off-site consumption at an existing 7-Eleven store will serve as a public convenience to the surrounding neighborhood and patrons of the establishment, and is a complementary use for the store. However, the Commission finds that pursuant to County Code section 22.56.195, the addition of alcohol sales at the proposed location will not result in an undue concentration of similar premises since there is a separation of not less than 500 feet between the other alcohol-selling establishments and the Project Site.
- 27. The Commission finds that there are no other businesses selling alcohol within 500 feet of the Project Site. Furthermore, the sale of alcohol will be incidental to the sale of other convenience items within the store. Based on the foregoing, the Commission finds that the requested use at the proposed location will not adversely affect the economic welfare of the nearby community.
- 28.A site visit by staff from the Department of Regional Planning confirmed that the property is well maintained. Conditions related to property maintenance will ensure that the exterior appearance of the building will remain clean and free of graffiti. Based on the foregoing, the Commission finds that the exterior appearance of the structure will not be inconsistent with the exterior appearance of commercial structures already constructed or under construction within the immediate neighborhood so as to cause blight, deterioration, or substantially diminish or impair property values within the neighborhood.

- 29. The Commission finds that to ensure continued compatibility between the Project and the surrounding land uses, it is necessary to limit the Conditional Use Permit to fifteen (15) years.
- 30. The Commission finds that pursuant to sections 22.60.174 and 22.60.175 of the County Code, the community was properly notified of the public hearing by mail, newspaper, and property posting. Additionally, the Project was noticed and case materials were available on Regional Planning's website and at the East Los Angeles Library. On November 19, 2014, a total of 108 Notices of Public Hearing were mailed to all property owners as identified on the County Assessor's record within a 500-foot radius from the Project Site, as well as seven notices to those on the courtesy mailing list for the Eastside Unit No. 1 Zoned District and to any additional interested parties.
- 31. The location of the documents and other materials constituting the record of proceedings upon which the Commission's decision is based in this matter is at the Los Angeles County Department of Regional Planning, 13th Floor, Hall of Records, 320 West Temple Street, Los Angeles, California 90012. The custodian of such documents and materials shall be the Section Head of the Zoning Permits East Section, Department of Regional Planning.

### BASED ON THE FOREGOING, THE REGIONAL PLANNING COMMISSION CONCLUDES THAT:

- A. The proposed use with the attached conditions will be consistent with the adopted General Plan.
- B. The proposed use at the site will not adversely affect the health, peace, comfort or welfare of persons residing or working in the surrounding area, will not be materially detrimental to the use, enjoyment or valuation of property of other persons located in the vicinity of the site, and will not jeopardize, endanger or otherwise constitute a menace to the public health, safety or general welfare.
- C. The proposed site is adequate in size and shape to accommodate the yards, walls, fences, parking and loading facilities, landscaping and other development features prescribed in this Title 22, or as is otherwise required in order to integrate said use with the uses in the surrounding area.
- D. The proposed site is adequately served by highways or streets of sufficient width and improved as necessary to carry the kind and quantity of traffic such use would generate, and by other public or private service facilities as are required.
- E. The requested use at the proposed location will not adversely affect the use of a place used exclusively for religious worship, school, park, playground, or any similar use within a 600-foot radius.
- F. The requested use at the proposed location is sufficiently buffered in relation to any residential area within the immediate vicinity so as not to adversely affect said area.

#### DRAFT FINDINGS PAGE 6 OF 6

- G. The requested use will not result in an undue concentration of similar premises.
- H. The requested use at the proposed location will not adversely affect the economic welfare of the nearby community.
- I. The exterior appearance of the structure will not be inconsistent with the exterior appearance of commercial structures already constructed or under construction within the immediate neighborhood so as to cause blight, deterioration, or substantially diminish or impair property values within the neighborhood.

#### THEREFORE, THE REGIONAL PLANNING COMMISSION:

- 1. Finds that the Project is exempt from the California Environmental Quality Act pursuant to section 15301 of the State CEQA Guidelines (Class 1, Existing Facilities categorical exemption); and
- 2. Approves Conditional Use Permit No. 201400129, subject to the attached conditions.

# DRAFT CONDITIONS OF APPROVAL COUNTY OF LOS ANGELES PROJECT NO. R2014-02734-(1) CONDITIONAL USE PERMIT NO. 201400129

#### PROJECT DESCRIPTION

The project is for a Conditional Use Permit ("CUP") to authorize the sale of beer and wine for off-site consumption within an existing convenience store subject to the following conditions of approval:

#### **GENERAL CONDITIONS**

- Unless otherwise apparent from the context, the term "permittee" shall include the applicant, owner of the property, and any other person, corporation, or other entity making use of this grant.
- 2. This grant shall not be effective for any purpose until the permittee, and the owner of the subject property if other than the permittee, have filed at the office of the Los Angeles County ("County") Department of Regional Planning ("Regional Planning") their affidavit stating that they are aware of and agree to accept all of the conditions of this grant, and that the conditions of the grant have been recorded as required by Condition No. 7, and until all required monies have been paid pursuant to Condition No. 10. Notwithstanding the foregoing, this Condition No. 2 and Condition Nos. 4, 5, and 9 shall be effective immediately upon the date of final approval of this grant by the County.
- 3. Unless otherwise apparent from the context, the term "date of final approval" shall mean the date the County's action becomes effective pursuant to Section 22.60.260 of the County Code.
- 4. The permittee shall defend, indemnify, and hold harmless the County, its agents, officers, and employees from any claim, action, or proceeding against the County or its agents, officers, or employees to attack, set aside, void, or annul this permit approval, which action is brought within the applicable time period of Government Code Section 65009 or any other applicable limitations period. The County shall promptly notify the permittee of any claim, action, or proceeding and the County shall reasonably cooperate in the defense. If the County fails to promptly notify the permittee of any claim, action, or proceeding, or if the County fails to cooperate reasonably in the defense, the permittee shall not thereafter be responsible to defend, indemnify, or hold harmless the County.
- 5. In the event that any claim, action, or proceeding as described above is filed against the County, the permittee shall within ten days of the filing make an initial deposit with Regional Planning in the amount of up to \$5,000.00, from which actual costs and expenses shall be billed and deducted for the purpose of defraying the costs or expenses involved in Regional Planning's cooperation in the defense, including but not limited to, depositions, testimony, and other assistance provided to permittee or permittee's counsel.

#### DRAFT CONDITIONS OF APPROVAL PAGE 2 OF 6

If during the litigation process, actual costs or expenses incurred reach 80 percent of the amount on deposit, the permittee shall deposit additional funds sufficient to bring the balance up to the amount of \$5,000.00. There is no limit to the number of supplemental deposits that may be required prior to completion of the litigation.

At the sole discretion of the permittee, the amount of an initial or any supplemental deposit may exceed the minimum amounts defined herein. Additionally, the cost for collection and duplication of records and other related documents shall be paid by the permittee according to County Code Section 2.170.010.

- 6. If any material provision of this grant is held or declared to be invalid by a court of competent jurisdiction, the permit shall be void and the privileges granted hereunder shall lapse.
- 7. Prior to the use of this grant, the permittee, or the owner of the subject property if other than the permittee, shall record the terms and conditions of the grant in the office of the County Registrar-Recorder/County Clerk ("Recorder"). In addition, upon any transfer or lease of the property during the term of this grant, the permittee, or the owner of the subject property if other than the permittee, shall promptly provide a copy of the grant and its conditions to the transferee or lessee of the subject property.
- 8. This grant shall terminate on January 14, 2030. Entitlement to use of the property thereafter shall be subject to the regulations then in effect. If the permittee intends to continue operations after such date, whether or not the permittee proposes any modifications to the use at that time, the permittee shall file a new Conditional Use Permit application with Regional Planning, or shall otherwise comply with the applicable requirements at that time. Such application shall be filed at least six (6) months prior to the expiration date of this grant and shall be accompanied by the required fee. In the event that the permittee seeks to discontinue or otherwise change the use, notice is hereby given that the use of such property may require additional or different permits and would be subject to the then-applicable regulations.
- 9. This grant shall expire unless used within two (2) years from the date of final approval of the grant. A single one-year time extension may be requested in writing and with the payment of the applicable fee prior to such expiration date.
- 10. The subject property shall be maintained and operated in full compliance with the conditions of this grant and any law, statute, ordinance, or other regulation applicable to any development or activity on the subject property. Failure of the permittee to cease any development or activity not in full compliance shall be a violation of these conditions. Inspections shall be made to ensure compliance with the conditions of this grant as well as to ensure that any development undertaken on the subject property is in accordance with the approved site plan on file. The permittee shall deposit with the County the sum of \$1,600.00. The deposit shall be placed in a performance fund, which shall be used exclusively to compensate

### DRAFT CONDITIONS OF APPROVAL PAGE 3 OF 6

Regional Planning for all expenses incurred while inspecting the premises to determine the permittee's compliance with the conditions of approval. The fund provides for <u>eight (8) or biennial (one every other year)</u> inspections. Inspections shall be unannounced.

If additional inspections are required to ensure compliance with the conditions of this grant, or if any inspection discloses that the subject property is being used in violation of any one of the conditions of this grant, the permittee shall be financially responsible and shall reimburse Regional Planning for all additional enforcement efforts necessary to bring the subject property into compliance. The amount charged for additional inspections shall be \$200.00 per inspection, or the current recovery cost at the time any additional inspections are required, whichever is greater.

- 11. Notice is hereby given that any person violating a provision of this grant is guilty of a misdemeanor. Notice is further given that the Regional Planning Commission ("Commission") or a Hearing Officer may, after conducting a public hearing, revoke or modify this grant, if the Commission or Hearing Officer finds that these conditions have been violated or that this grant has been exercised so as to be detrimental to the public's health or safety or so as to be a nuisance, or as otherwise authorized pursuant to Chapter 22.56, Part 13 of the County Code.
- 12. All development pursuant to this grant must be kept in full compliance with the County Fire Code to the satisfaction of said department.
- 13. All development pursuant to this grant shall conform with the requirements of the County Department of Public Works to the satisfaction of said department.
- 14. All development pursuant to this grant shall comply with the requirements of Title 22 of the County Code and of the specific zoning of the subject property, unless specifically modified by this grant, as set forth in these conditions, including the approved Exhibit "A," or a revised Exhibit "A" approved by the Director of Regional Planning ("Director").
- 15. The permittee shall maintain the subject property in a neat and orderly fashion. The permittee shall maintain free of litter all areas of the premises over which the permittee has control.
- 16. All structures, walls and fences open to public view shall remain free of graffiti or other extraneous markings, drawings, or signage that was not approved by Regional Planning. These shall include any of the above that do not directly relate to the business being operated on the premises or that do not provide pertinent information about said premises. The only exceptions shall be seasonal decorations or signage provided under the auspices of a civic or non-profit organization.

In the event of graffiti or other extraneous markings occurring, the permittee shall remove or cover said markings, drawings, or signage within 24 hours of notification

#### DRAFT CONDITIONS OF APPROVAL PAGE 4 OF 6

of such occurrence, weather permitting. Paint utilized in covering such markings shall be of a color that matches, as closely as possible, the color of the adjacent surfaces.

- 17. The subject property shall be developed and maintained in substantial conformance with the plans marked Exhibit "A." If changes to any of the plans marked Exhibit "A" are required as a result of instruction given at the public hearing, three (3) copies of a modified Exhibit "A" shall be submitted to Regional Planning by March 16, 2015.
- 18. In the event that subsequent revisions to the approved Exhibit "A" are submitted, the permittee shall submit **three (3) copies of** the proposed plans to the Director for review and approval. All revised plans must substantially conform to the originally approved Exhibit "A". All revised plans must be accompanied by the written authorization of the property owner(s) and applicable fee for such revision.

#### PERMIT SPECIFIC CONDITIONS

- 19. The conditions of this grant shall be retained on the premises at all times and shall be immediately produced upon request of any County Sheriff, Zoning Inspector or Department of Alcoholic Beverage Control agent. The manager and all employees of the facility shall be knowledgeable of the conditions herein.
- 20. Loitering shall be prohibited on the subject property, including loitering by employees of the subject property. Signage in compliance with Section 22.52 Part 10 of the County Code shall be placed on the premises indicating said prohibition. Employees shall be instructed to enforce these regulations and to call local law enforcement if necessary.
- 21. The permittee, and all managers and designated employees of the establishment, who directly serve or are in the practice of selling alcoholic beverages, shall participate in the LEAD (Licensee Education on Alcohol and Drugs) Program provided by the State of California Department of Alcoholic Beverage Control. All new designated employees shall be required to attend. The licensee shall display a certificate or plaque in a publicly accessible area of the establishment such as the lobby, indicating they have participated in this program. Proof of completion of the facilities' training program by employees, the licensee and all managers shall be available upon request.
- 22. The permittee shall not advertise the sale of alcoholic beverages on the exterior of any structure on the subject property including windows, walls, fences or similar structures.
- 23. All regulations of the State of California prohibiting the sale of alcoholic beverages to minors shall be strictly enforced.
- 24. The permittee shall post or otherwise provide telephone numbers of local law enforcement agencies and taxicab companies at or near the cashier, or similar

public service area. Such telephone numbers shall be visible by and available to the general public.

- 25. The consumption of alcoholic beverages shall be prohibited on the subject property. The permittee shall post signage on the premises prohibiting consumption of alcoholic beverages on the premises.
- 26. No sale of alcoholic beverages shall be made from a drive-in window.
- 27. There shall be no beer sold in containers under one quart or in less than six-pack quantities.
- 28. No display of alcoholic beverages shall be made from an ice tub.
- 29. Employees on duty from the hours of 10:00 p.m. and 2:00 a.m. who sell alcohol shall be at least 21 years of age.
- 30. No alcoholic beverages shall be displayed within five feet of the cash register or the front door unless it is in a permanently affixed cooler.
- 31. There shall be no wine, with the exception of wine coolers, sold in containers of less than 750 milliliters. No miniatures of any type may be sold. Wine coolers shall not be sold in less than four-pack quantities.
- 32. No malt liquors and/or malt based products with alcoholic content greater than five percent by volume shall be sold.
- 33. The sale of fortified wines shall be prohibited.

#### PROJECT SITE SPECIFIC CONDITIONS

- 34. This grant shall authorize the sale of beer and wine for on-site consumption within the existing convenience store.
- 35. Alcohol sales shall be prohibited between 2:00 a.m. to 6:00 a.m. seven days a week, consistent with California state law.
- 36. The permittee shall display alcoholic beverages only in the coolers or shelving designated for storage of said beverages as depicted on the floor plan labeled Exhibit 'A'. No additional display of alcoholic beverages shall be provided elsewhere on the premises.
- 37. The coolers designated for the storage of alcoholic beverages as shown on the Exhibit 'A' shall be locked during non-sale hours.
- 38. At least two on-site security cameras shall be maintained in good operating condition within the convenience store and shall be in operation during regular business hours. Footage from the security cameras shall be retained for at least 30

days, during which time it shall be made available to law enforcement upon request.

- 39. All lighting required by this grant shall be of sufficient power to illuminate and make easily discernible the appearance and conduct of all persons within lighted areas during operating hours and shall be designed so as to direct light and glare only onto the facility premises. Said lighting and glare shall be deflected, shaded and focused away from all adjoining properties.
- 40. The permittee shall provide adequate lighting above all entrances and exits to the premises and in all parking areas and walkways under control of the permittee or required as a condition of this grant.
- 41. All litter and trash shall be collected regularly from the premises and the adjacent right-of-way.
- 42. The licensed premises shall have no coin operated amusements, such as pool tables, juke boxes, video games, small carousel rides or similar riding machines, with the exception of official State Lottery machines.
- 43. No outside storage is permitted on the subject property.
- 44. The permittee is required to purchase an existing alcohol license in the East Los Angeles community no later than <u>March 16, 2015</u>. If, despite evidence provided to the Director of Regional Planning ("Director") of best efforts to obtain an expired license, the permittee requires additional time, then the permittee may request additional time in writing from the Director. It will be at the discretion of the Director to determine whether additional time will be granted to the permittee.

Planning for the Challenges Ahead

#### **CONDITIONAL USE PERMIT BURDEN OF PROOF**

Pursuant to Zoning Code Section 22.56.040, the applicant shall substantiate the following:

(Do not repeat the statement or provide Yes/No responses. If necessary, attach additional pages.)

A. That the requested use at the location will not:
1. Adversely affect the health, peace, comfort or welfare of persons residing or working in the
surrounding area, or
2. Be materially detrimental to the use, enjoyment or valuation of property of other persons located in
the vicinity of the site, or
3. Jeopardize, endanger or otherwise constitute a menace to the public health, safety or general welfare.
The project is located within the Community Commercial land use category of the Los Angeles County
general plan. the designation is intended to provide areas in which local commercial or industry uses
can be established to serve the needs of the local community. the property is located within the east
los angeles community plan. the plan text is silent with regards to alcohol sales. the granting of the
conditional use permit will allow the continued operation of a viable market located in a commercially
zoned property on a commercial corridor within walking distance of a residential areas.
B. That the proposed site is adequate in size and shape to accommodate the yards, walls, fences, parking and
loading facilities, landscaping and other development features prescribed in this Title 22, or as is otherwise
required in order to integrate said use with the uses in the surrounding area.
The project will be maintained in its current size and shape which abides to all size and shape
requirements stated under title 22.
C. That the proposed site is adequately served:
1. By highways or streets of sufficient width, and improved as necessary to carry the kind and quantity of
traffic such use would generate, and
2. By other public or private service facilities as are required.
the proposed project is not expected to increase traffic, but rather provide a wider selection of goods
which its current customer base can purchase, the site is currently serviced by olympic blvd, which is
designated as a major highway. therefore the site will continue to be adequately served by highways
and streets of sufficeint width and by other public facilities as required.

#### CONDITIONAL USE PERMIT BURDEN OF PROOF

#### Continued...

Pursuant to Zoning Code Section 22.56.040, the applicant shall substantiate the following:

(Do not repeat the statement or provide Yes/No responses. If necessary, attach additional pages.)

#### A. That the requested use at the location will not:

- 1. Adversely affect the health, peace, comfort or welfare of persons residing or working in the surrounding area, or
- 2. Be materially detrimental to the use, enjoyment or valuation of property of other persons located in the vicinity of the site, or
- 3. Jeopardize, endanger or otherwise constitute a menace to the public health, safety or general welfare.

#### A. Continued....

Therefore, the proposed use will be consistent with the adopted general plan for the area.

The sale of beer and wine will expand the current retail mix of a recently established 7-Eleven store. The said store is located in an urbanized area with a mix of residential, retail and commercial uses. The application included specific design elements intended to control and secure the stock of alcoholic beverages. Further, the access is configured to accommodate adequate circulation for customers and emergency response vehicles. The sale of beer and wine will increase sales tax revenue for County of Los Angeles. Thu use will not adversely affect the economic welfare of the community because the store has positively impacted the financial health o the property and improved the economic vitality of the area via increases in taxable revenue and local employment. Therefore, the proposed use will not adversely affect the welfare of the surrounding community.

### Los Angeles County Department of Regional Planning

Planning for the Challenges Ahead

#### **ALCOHOLIC BEVERAGE SALES BURDEN OF PROOF**

Pursuant to Zoning Code Section 22.56.195, the applicant shall substantiate the following: (Do not repeat the statement or provide Yes/No responses: If necessary, attach additional pages.)

ABC License Type No(s).: 20 (e.g. Type 20, Type 41)
A. That the requested use at the proposed location will not adversely affect the use of a place used exclusively for religious worship, school, park, playground, or any similar use within a 600-foot radius.
Iglesia la Puerta Abierta is located at 5017 Olympic Blvd and is buffered by two intersections and a block of
Retail establishments. The current location, a 7-Eleven convenience store will not be increased in size.
winter gardens elementary located at 1277 cleia avenue is buffered by major highways. further, the entrance
to the school is not located on either of the cross streets of the store.
B. That the requested use at the proposed location is sufficiently buffered in relation to any residential area within the immediate vicinity so as not to adversely affect said area.
To the east and west of the proposed location along Olympic are properties occupied with retail uses.
residential properties are located to the north of the proposed site but are separated from the subject site
by an alley way. the existing store's purpose is to serve the nearby residences by providing a safe and clean
location to shop.
C. The requested use at the proposed location will not result in an undue concentration of similar premises; a separation of not less than 500 feet shall not be construed as undue concentration; provided, however, that the planning agency may find that the public convenience or necessity for an additional facility selling alcoholic beverages for off-site consumption, outweighs the fact that it is located within a 500-foot radius of any other facility selling alcoholic beverages for either on-site or off-site consumption, in which case the shelf space devoted to alcoholic beverages shall be limited to not more than five percent of the total shelf space in the establishment.
There are no other establishedments that sell alcohol within a 600ft radius. According to the California
state dept. of alcoholic beverage control (abc) there are three off-site alcohol sales licenses allocated
within census tract no. 5317.02. currently, there is one active off-site license in the same tract.
D. That the requested use at the proposed location will not adversely affect the economic welfare of the surrounding community.
7-Eleven has operational controls over the sale of alcoholic beverages such as required cash register ID scans
modual trainings and signed affidavits by franchisee, managers and sales associates; and secret shoppers.
the cooler doors will be locked during hours outside of those designated by abc for the sale of alcohol.
the sale of beer and wine wil increase sales tax revenue for the county of los angeles.
E. That the exterior appearance of the structure will not be inconsistent with the exterior appearance of commercial structures already constructed or under construction within the immediate neighborhood so as to cause blight, deterioration, or substantially diminish or impair property values within said neighborhood.
The exterior wil not be changed. It will remain an attactive, safe , well lit and friendly place to shop.
a 7-eleven maintenance agreeement states that graffitti must be removed within 24hrs and the property must
be maintained free and clear of debris.

### County of Los Angeles

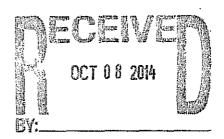

#### Sheriff's Department Headquarters

4700 Ramona Boulevard Monterey Park, California 91754-2169 (323) 264-4151

October 2, 2014

Ms. Kristina Kulczycki
Los Angeles County Department of Regional Planning
Zoning Permits East Section

Los Angeles, California 90012

Re:

Conditional Use Permit Consultation for the Sale of Alcoholic Beverages

"7-11 Convenience Store"
5105 E. Olympic Boulevard
Los Angeles, CA 90022
Project # R2014-02734-(1)
Permit # RCUP 201400129

Dear Ms. Kulczycki:

It is my understanding the owner(s) of "7-11" have applied for a Conditional Use Permit and ABC license for their business located at: 5105 E. Olympic Boulevard, Los Angeles. They are requesting to use a type "20" ABC license, which will allow the business to sell beer and wine for off-sale consumption in conjunction with the operation of a market. While I am not advocating my support or opposition to their request for such a permit, it is my responsibility to provide the necessary factual information for those who will make the decision.

The location is currently open and has been open for less than one year. We currently have no calls for service since they have been open.

Currently, the entire policing area of unincorporated East Los Angeles consists of 7.89 square miles. It is comprised of twenty-seven census tracts with several liquor licenses. This is not including the 7.00 square miles of the City of Commerce, which also has three census tracts with forty-one liquor licenses. Due to this, we have several problems with alcohol consumption in our policing area. In addition, stores that sell liquor experience increased criminal activity due to "beer runs" and robberies. Within census tract 5317.02, the area where "7-11" is located, there is one existing such type permit.

We are aware this location does not sell alcohol at this time. We would request the sale of alcohol be limited to only beer and wine. We would hope they are a responsible business and not allow excessive consumption of alcohol at the location and/or allow intoxicated persons to congregate outside their business. In addition, we would like to ensure there is no gang activity at the location.

We would also request law enforcement be called by management and/or employees if problems arise at the location, so they do not escalate into serious problems such as fights and/or shootings. It would be in the best interest for the location to have active and functional cameras with recording for 30 day retention to assist law enforcement with any issues at the location, but this is not a requirement. We would also request all and any gang graffiti be removed from the premises immediately.

My staff has been to the location to conduct a visual inspection and found no issues.

If you have any questions or wish to discuss this matter further, you may contact me, Lieutenant Joshua Bardon, or Deputy Scott Hennessy, at (323) 264-4151.

Sincerely

JOHN L. SCOTT, SHERIFF

le C.B

Steven E. Biagini, Captain East Los Angeles Station

RE: Conditional Use Permit Case #R2014-02734

NOV 2 6 2014

Ms. Kulczycki:

I am writing in support of CUP Case#R2014-0734 submitted by 7-Eleven to expand the product line, to include beer and wine, of the convenience store located at 5105 E. Olympic Boulevard.

As a Montebello Unified School Board Member, I am concerned about the safety of our students and their access to alcohol and tobacco products. I support businesses that are committed to the safe and legal sale of age restricted products. I am familiar with 7-Eleven's Come to Age Program that teaches employees the policies, procedures, and state regulations specific to selling age restricted products. I understand all employees are required to sign an affidavits stating they are aware of the obligations and ramifications should they not comply with the law. Further, I feel confident in 7-Eleven's adherence to not selling to underaged individuals because of the systematic safeguards put in place in our local stores, such as the register requiring an ID swipe to complete a purchase for a sale that includes beer, wine, or tobacco products etc. Lastly, I see 7-Eleven's commitment to keeping our students safe by actively taking part in secret shopper checks that occur a minimum of once a month.

Further, it is my position that when a retailer has proven its commitment to responsible retailing by implementing comprehensive employee training, sophisticated system controls and participates in strict monitoring, it can be trusted with the privilege of selling age restricted products in a way that is conducive to community. 7-Eleven has demonstrated it is such a retailer and for that reason I support the application considered as CUP Case #R2014-02734.

Zoning Permits East Section

SUBJECT:

Project No. R2014-02734-(1)

Conditional Use Permit No. 201400129

RPC Meeting: January 14, 2015

Agenda Item: 7

The above-mentioned item is a request to sell beer and wine for off-site consumption within an existing 7-Eleven convenience store located at 5105 E. Olympic Boulevard in East Los Angeles.

Please find the following enclosed items for the above referenced item that were received subsequent to hearing package submittal to the Regional Planning Commission:

- 1. Three emails submitted from one household with concerns about the project.
- Additional information submitted by the applicant. Note: The original information package contained 91 "support cards" with signatures. One page of the "support cards" was including in the attachment for your reference. A copy of the full package containing all 91 "support cards" may be provided by staff at the hearing at your request.

If you need further information, please contact Kristina Kulczycki at (213) 974-6435 or kkulczycki@planning.lacounty.gov. Department office hours are Monday through Thursday from 7:00 a.m. to 6:00 p.m. The Department is closed on Fridays.

MM:KK

Enclosures: Three emails and a supplemental package submitted by the applicant

02734-(1)

#### Hello Kristina.

I am on vacation, so I have not had the time to invest on the issue presented for 7-eleven request to sell alcohol. But my wife and I did have find some time yesterday to go out into the neighborhood to start informing residents of the situation. We started on the NW corner of Woods Ave. and Olympic Unfortunately, we had long conversations with residents, so it limited our ability to communicate our concerns to a larger number.

We manage to hit 7 residents. 5 of the 7 difinitely do not want the business to sell alcohol, and hopefully will send you an email with their concerns.

The survey you sited as having 91 responses that do not show any negative response. What was that survey? Three residents did mention that two young ladies did ask them questions, and offered a free voucher for a cup of coffee at the 7-eleven in question. But all three did not remember a question about the specific question about the request to sell or a request to the planning department that 7-eleven would like to sell alcohol? Would this be the same 91 responses? Or was this a completely another survey put out by the planning department?

Another concern was for a Boxing club that serves youths located two business's East of 7-eleven. The person in charge seems to have great concern, as he deals with only youths, and sees the merits of keeping 7-eleven alcohol free. Hopefully he will email you his concerns on the matter.

So as you can see, with just our limited amount of time, we only spoke to a a total of 8 folks, 6 had concerns, and hopefully will send you an email stating so (1 really liked the ideal!). That is like a 70% of local residents and the youth boxing that have concerns of the 7-eleven.

I am sure that 7-eleven had posted their notice in a timely matter, but I do not visit the site and did not see the posted sign until late into the game. I feel that time is not on my side on this matter. But I will try as best as I can to inform the residents.

So my question is about the 91 responses that you recieved. Where did you get those from?

To: Kristina Kulczycki Subject: Re: 02734-(1)

In regards to case 02734-(1).

I would like to formally request that the business in question not be given the approval to sell alcohol at the site.

Though various agencies have inputted their opinions as 'favorable' in approving the license for various reasons is understandable. The business has provided sponsorship of some type such as snack or fund raising money and these organizations that have received these items are truly grateful. But with another store given permission to sell alcohol for a matter of convenience to an already saturated area as determined by the ABC, these organizations do not consider the consequences of alcohol to be so readily available to the surrounding community. How may the sale of alcohol may be detrimental to the health and welfare of the community's families? How are the children affected by adults of the family who now only have to walk down the street of their home to buy alcohol and bring it back home.

And also the selling of alcohol how it may adversely affect even the larger surrounding community's by drivers drinking and driving?

The area in question has been determined to be within a high crime reporting district. Right now I would send my teenage Son to the business in question if in need of a Slurpy late at night. But if the business is approved to sell alcohol, that would change the whole equation of public safety. Yes, the Sheriff has had no calls since the store has opened, but I can only calculate that is because the store does not sell alcohol. The Sheriff's department also indicates that our area in question does have several problems with alcohol consumption! I would not determine that the store would be a safe place to send my Son late at night, because the whole environment would be changed.

If approved a supplemental agreement should be in place. Perhaps a 1 year understanding that if the Sheriff's Department gets no calls, then the approval should stay in place as normally implemented. But if more than 2 calls are made for criminal activity, then the approval should be revoked.

The East Los Angeles Community Plan Economic Development Policies states that the approval will help insure the financial viability of the business. But at what cost to the surrounding community? The business can not be held responsible of what happens after the sale of alcohol. But what is the cost associated to a driver causing an accident? To families torn apart by alcohol consumption? By un-sound decisions made when a person drinks alcohol beyond the limits? Yes, the business will provide a tax revenue, hire one or two non-family members. But we as a society will pay more to make sure that this business stays viable?

Perhaps a business that starts a business that focus's on the need to sell alcohol to stay viable should not have opened in the first place? They open the store first, and with the intent of a lack of viable opposition, request to sell alcohol at a later time and date.

Because I do not frequent the store in question, I did not see the Notice to Sell Alcohol until late. But my Wife and I did manage to go out to the community (1-6-15) and did get a very different response. When discussing the issue, we have had mother's who disapprove. Father's who disapprove. We found one that had no opinion, and a single person that approved the sale of alcohol. We only had time to discuss the issue with Eight community members that we do not know. So in our little census, that would be 75% disapproval rating. I have seen the cards that were sent by the 7-eleven store that were sent out within a 1,000' radius. My understanding that there were sent out by two 7-eleven employees giving out free coffee vouchers. They only submitted opinions that were favorable? What happened to those that refused to sign? Or opposed? Where they also given a free cup of coffee voucher like those that signed the survey with no concerns? Were those submitted? And only 91? If my wife and I have had the time, how many local folks who understand the magnitude of the easy availability of alcohol would NOT approve?

The store in question should not be able to sell alcohol. It concerns me that we are in an area that is already over-saturated. I fear for our community with its concerns for the over consumption of alcohol as sited by the Sheriff's Department, That this safe little 7-eleven will no longer be a family friendly environment late at night. But become a public nuisance, another place of criminal activity and another outlet of beer runs.

Keep the store as it originally opened as, a family oriented place of business.

Raymond Gonzales 1248 SVancouver Ave LA CA 90022

FW: 7-11 Request for a permit for the sale of beer and wine

From: dianelgonz@aol.com [mailto:dianelgonz@aol.com]

Sent: Wednesday, January 07, 2015 5:07 PM

To: Kristina Kulczycki

Subject: 7-11 Request for a permit for the sale of beer and wine

To Whom It May Concern,

I am writing to you today to express my objection and concerns regarding the request by 7-11 to get a permit to sell beer and wine. I am a long time resident of East Los Angeles and live within the immediate vicinity of 7-11. When they first opened there were concerns among many of my neighbors about foot traffic and trash that might be left behind by 7-11 customers. There has been increased foot traffic and many people in the neighborhood are enjoying the conveinence of going to 7-11 for snacks and slurpees. That is fine I pick up the trash and am glad that the children have a place to get their snacks and slurpees. With this request to sell alcohol more serious concerns have prompted me to take action and voice my opinion.

Let me start by expressing how I feel as an East Los Angeles resident. I am tired of people who do not live here making decisions about what we want and what is best for our community. They are not here when the hellicopters fly by at night or when gangs decide to graffiti and shot their weapons. The crime rate in my neighborhood is high and my surrounding neighbors have to look out for one another. Even with all our good intentions a lot of us have been affected by crime both small and large. Sometimes it seems like anything goes in East Los Angeles and that no one seems to care. If you do not live here then you have no way of knowing what occurs here on a daily basis. It is an uphill fight. A call to the graffiti hotline, a call to report some kids doing drugs in front of our house, a call to parking enforcement to report a car blocking the driveway, or a call to the police to report a toddler walking down the street by themselves no mom in sight. These are just a few, I could go on and on and this is just one street.

Now to address my concerns about the 7-11 permit. When I found out that 7-11 was planning on selling alcohol I was disheartened. When they first opened I thought here is an establishment that is family friendly. They weren't selling beer or wine and neither did the market next door, La Poblana. I am not anti-alcohol and there are more than enough places to purchase beer and wine in our neighborhood. We have more than our share of liquor stores and bars, not to mention markets where you can make those purchases. Enough is enough, we do not need one more. Children and families cross that street every morning and afternoon to attend Winter Gardens school. My brothers and I attended that school as well when we were young. When I spoke with some of the moms who have children who attend Winter Gardens they expressed concern and did not want 7-11 to sell alcohol. Though we live in a challenging neighborhood we are the same as moms from more upscale neighborhoods who want the best for their children and the environment they live in. Then why haven't you heard from them you might ask. Many of the families here are Spanish speakers who were unaware about the issues. Some people are afraid to speak up and voice their thoughts or maybe feel that their voice does not matter and that nothing will change. Some of the people are illegal immigrants who may not feel they have the right to speak up against those in authority. I sometimes feel that corporations or the people making decisions about our community are counting on us to be "uninformed" and be "unaware" so that they can push forward there agendas. That is not the case though, given the facts and information many people I spoke with expressed concerns about 7-11 selling beer and alcohol. Many felt we did not need another place that sells alcohol. We are within easy walking distance of more than a few places that sell beer.

We are not going to be able to stop the sale of beer, nor do we want to stop it. We just want to express concern about a corporation that will probably get what it wants, the permit, without a thought to the negative impact it holds in our community. We have enough places that sell beer and alcohol we do not need to add one more. Alcoholism plays a big part of growing up and living in East Los Angeles. We have witnessed DUI drivers, local drunks and so many negative occurences that in some way relate to drugs or alcohol. You might say that 7-11 is a responsible establishment and they check for ID's and do not sell to minors. That's all well and good but it will be the parents of our minors making the beer runs and bringing it into homes that already have an over saturation of bars and liquor stores. Our community deserves better! We deserve healthy alternatives and people who care about the welfare or our community. While I was walking around talking to some neighbors they informed me that two young girls were going door to door giving out free coffee coupons to those who would take the time to respond to how they felt about 7-11 selling alcohol. Some even said they took the coupons and really didn't think too much about the issue. When they were given the facts about how many places sell alcohol and our crime rate some of the people I spoke with felt differently.

7-11 has given money and other donations to our community and that is always welcome. That doesn't mean that they should have the right to sell alcohol based on favorable responses due to these donations and philanthropy. If they really

cared about our neighborhood more that their sales then they would see that we need more family friendly establishments and not another place to buy beer and wine. I hope whoever considers the permit will look at the police report for East Los Angeles and see the negative impact a quick beer run will do to our community, the short and long term consequences.

From someone who was born and still lives in East Los Angeles

December 18, 2014

Los Angeles County Regional Planning Commission c/o Kristina Kulczycki Zoning Permits East Department of Regional Planning 320 W. Temple St. Los Angeles, CA 90012

RE: Conditional Use Permit Case #R2014-02734, CUP 201400129

5105 E. Olympic Blvd. within the Eastside Unite No. 1 Zoned District

#### Dear Chairwoman Valadez:

I would like to provide this report to you with regard to CUP application Case No. R2014-02734, which is the request for an existing 7-Eleven convenience store located at 5105 E. Olympic Blvd. to be permitted to sell beer and wine for off-site consumption.

The current 7-Eleven store has been operating in the East Los Angeles community since August, 2014. The store is equipped with the new design features which includes increased lighting, lower shelves, and wider aisles and less clutter. Not to mention the new gourmet coffee bar and the line of fresh to go foods which include freshly packed sandwiches, wraps, fruit and veggie snacks.

Over the past 7 years 7-Eleven has been transforming itself from a traditional convenience store to a neighborhood store. As a neighborhood store, 7-Eleven incorporates the community into their business model. Our current franchisee has hired local residents as his employees and supported local events such as the Winter Wonderland Tree Lighting and the annual East Los Angeles Sherriff Toy Drive by providing snacks, pizzas, and toys. He has also supported the local elementary school, Winter Gardens Elementary in their fundraising efforts by donating \$711.

As a neighborhood store, the main concern for 7-Eleven has been and continues to be safety. 7-Eleven is known for being the "eyes and ears" of the community. 7-Eleven integrates a high-resolution, surveillance-camera system into their business. This includes 24-hour closed-circuit video with audio capabilities. They are also equipped with a sophisticated alarm system that would allow employees to contact 911 through the touch of a remote activated device. All employees are trained to report any suspicious or dangerous activity. We are proud to report that there has been no incidents that required reporting since the opening of the store.

Although the store does not currently sell beer or wine, 7-Eleven considers it a privilege to sell agerestricted products such as tobacco and lottery tickets.7-Eleven makes it a priority to be an establishment that promotes responsible retailing. The cash registers are equipped to require the swipe of a valid identification whenever an age-restricted product is scanned for sale. 7-Eleven participates in a secret shoppers program in which the store is visited monthly to ensure the store complies with lawful sales procedures. Thus far, the store has been secret shopped 4 times and each time it has passed. I have included a copy of those cards in this packet for your reference.

We believe that by expanding our retail mix to include beer and wine it allows 7-Eleven to keep its commitment to meeting all of the convenience needs of our customers. 7-Eleven has something for everyone. Because we understand the balance of meeting the convenience needs with responsibility and oversaturation, we have committed to purchasing a license within the East Los Angeles area prior to offering beer and wine for sale. It is our goal to continue our commitment to the customers of our neighborhood 7-Eleven by offering a complete and varied product line in a responsible and safe manner.

In keeping with the commitment to community we engaged in an outreach effort that included residents, businesses, schools, elected officials, and churches immediately surrounding the existing store. Enclosed you will find copies of 91 support cards from local residents and businesses within 1000ft of the existing store. In addition you will find a support card from the President of the Montebello Unified School Board and thank you letters from the Volunteers of East Los Angeles (VELA) and the Los Angeles County Department of Parks & Recreation. It is our hope that these ties will continue and strengthen as the store continues to serve the local community.

Thank you for your attention to this matter.

Sincerely,

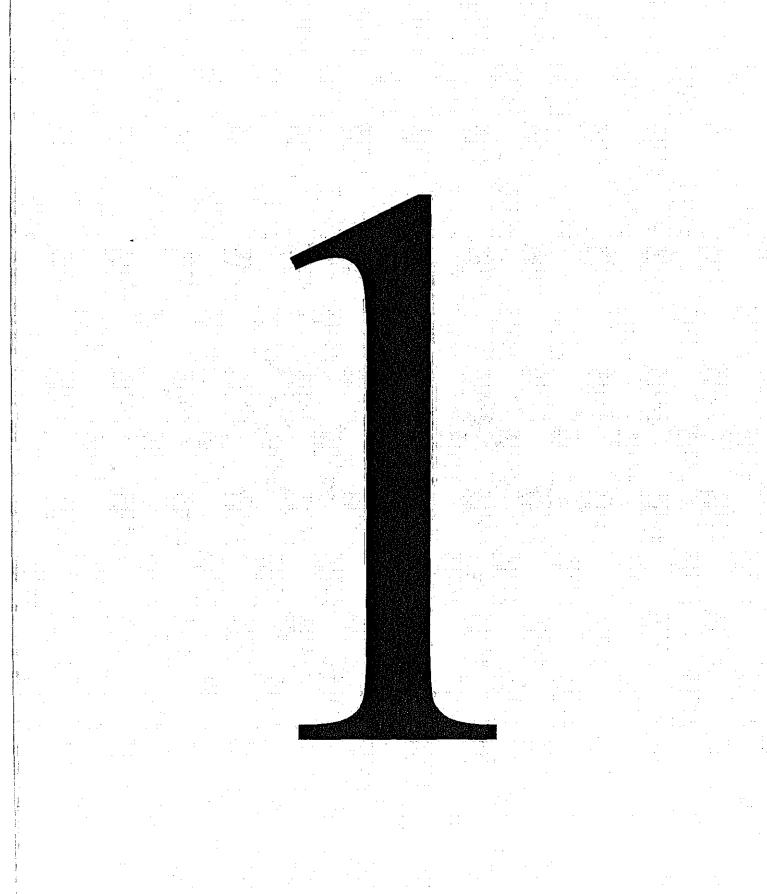

Christina Rodok

### Over 50,000 Worldwide Locations

\$43+ billion in Worldwide Sales & 7+ billion customers annually

Closer to home....U.S. & Canada: 8,000+ locations in North America

### Our Values

- 7-Eleven® stores are part of the neighborhood and committed to serving the changing needs of our customers. Being a good neighbor and corporate citizen is part of doing business at 7-Eleven
- Our mission is simple: to serve the particular needs of the communities in which 7-Eleven® stores operate.

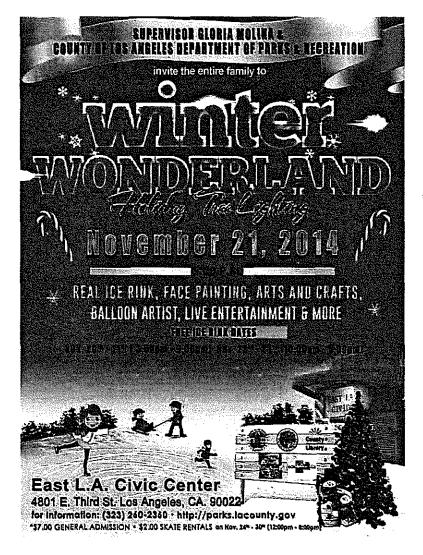

### **Business Model**

### 7-Eleven is NOT a traditional C-store

- We serve 6 million customers every day in the USA.
- Product assortment tailored for the local market.
- Growing emphasis on consumable food products.
- Rigorous, computer based training program.
- Franchisees highly trained prior to store opening.
- Highly automated ordering and merchandising process.
- The majority of beverage sales are cold drinks (fountain, water, juice, soda, energy drinks) and hot beverages such as coffee.
- Fresh foods are delivered daily, we maintain very strict standards
- Decreasing emphasis on tobacco products.
- Less than 14% of sales are "beer and wine" (Type 20 license)

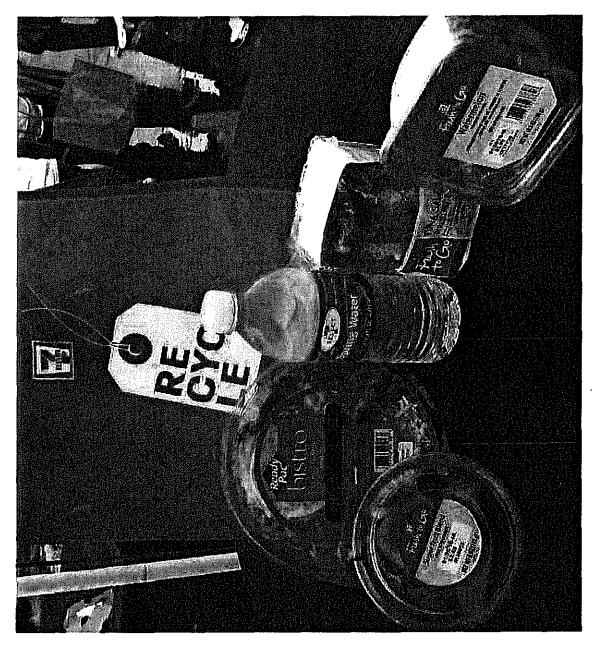

### In the Community

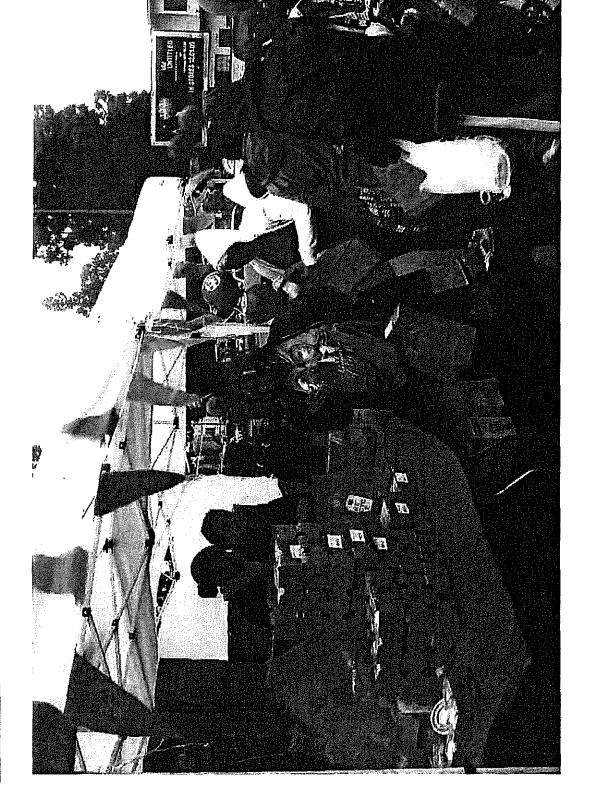

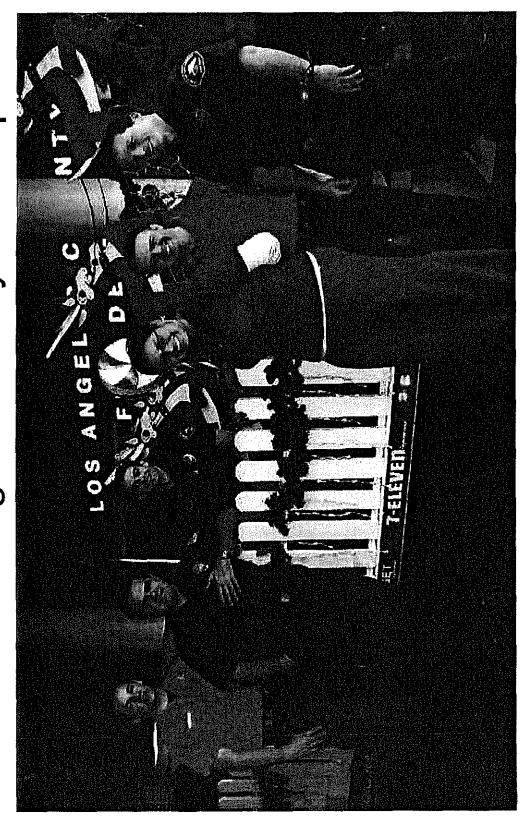

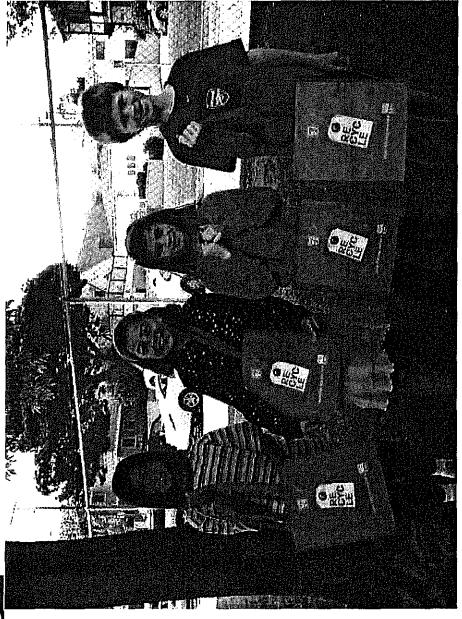

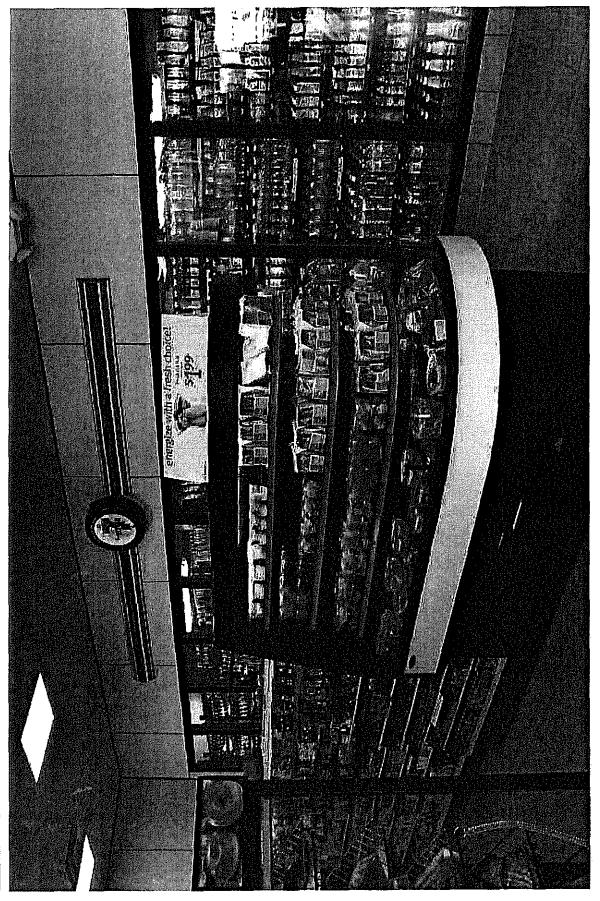

## Community Involvement - Working with the Los Angeles County Fire Dept

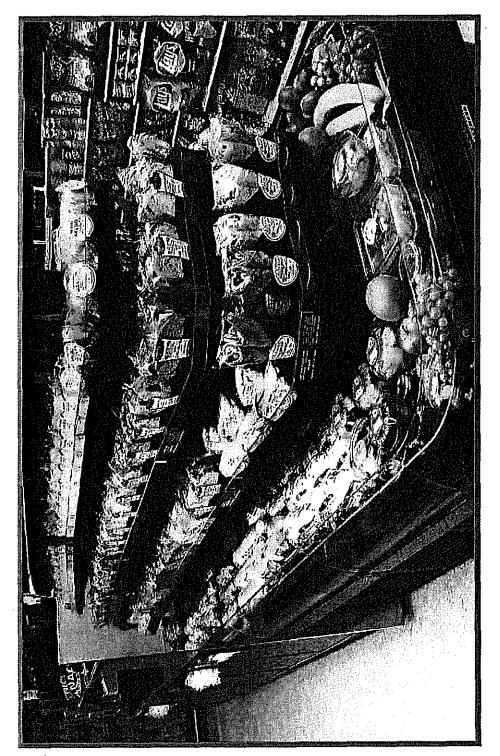

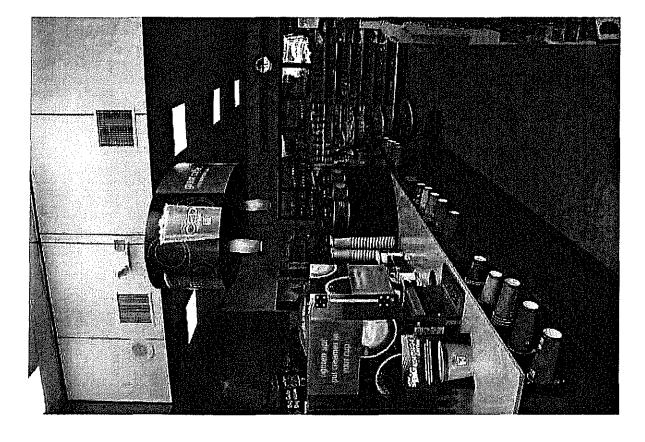

# Fresh, Healthy Choices

		n#

### Responsible Retailing

- Our commitment to responsible retailing is a core business principle and part of what makes 7-Eleven a welcome and respected neighbor. More than 20 years ago, 7-Eleven set the standard for responsible retailing in the convenience industry by being the first retailer to develop and implement a comprehensive training program for the safe and legal sale of age-restricted products.
- 7-Eleven considers it a privilege to sell age-restricted products such as alcohol and tobacco, and we want to ensure that they are sold in a legal and responsible manner. Our Come of Age™ awareness and personnel-training program was originally designed to prevent the sale of alcoholic beverages to minors or intoxicated persons and to prevent on-premises consumption. This U.S. acclaimed initiative was expanded to include all age-restricted products -tobacco, lottery tickets and potential inhalants.

### People Development Tools 'Best Practices'

- Orientation
  - Operation Alert and Come of Age Training immediately on first day of work.
- Clerk Affidavit
  - Franchisees, Managers and Sales Associates acknowledge that they understand the law and their responsibilities
- Field Consultant
  - Model Trainer behavior and Verify use of Computer Based Training (CPT)
     "Come of Age" training
  - Encourage Franchisee to have store 'secret shopped'
  - Field Consultant will visit each store twice per week
- 7-Eleven stores' registers automatically prompt sales associates to check identification when an age-restricted product is scanned for sale

We take it SERIOUSLY. A very rigorous and detailed system for controlling the sale of age-restricted merchandise.

### Responsibility to Our Communities

- 7-Eleven is recognized in the convenience store industry and by many law enforcement agencies as the first major retailer to institute a formal crime-deterrence program nationwide
- 7-Eleven corporate store managers, their staffs and franchisees receive extensive training
  in maintaining store security and deterring potential crimes and violence through
  proprietary program called "Operation Alert." Training includes security procedures, proper
  store maintenance, violence avoidance and what to do in case of a robbery.
- 7-Eleven shares its robbery-deterrence program with others. The program has been adopted by the National Crime Prevention Institute at the University of Louisville and is taught to law enforcement officers throughout North America.
- Research indicates keeping less than \$50 in the cash register deters 80 percent of potential robbers. <u>7-Eleven stores keep less than \$50 (\$30 at night) in the cash register</u>.
   Signs in the stores reinforce this policy.
- All 7-Eleven stores use a time-delay cash-control system, which dispenses cash in small amounts in two- to 10-minute intervals.
- 7-Eleven has invested millions of dollars in a high-resolution, surveillance-camera system, including 24-hour, closed-circuit video cameras with audio capabilities; color monitors mounted in view of customers; black-and-white monitors in the back rooms; and alarm systems equipped with fixed- and remote-activator devices.

### Responsibility to Our Communities

### <u>Facts</u>

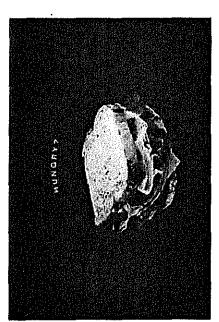

- The robbery rate at 7-Eleven stores has decreased by 71 % since 7-Eleven stores' robbery-deterrence program was implemented in 1976.
- The average loss per robbery incident in a company-operated 7-Eleven store is approximately \$37.
- The National Crime Prevention Council has recognized 7-Eleven as a leader among retailers in crime deterrence and employee and customer safety.
- Corporate policy is to remove any graffiti marks within 24 hours (no exceptions)
- The Police Community Network Centers program (PCNC) offers local law enforcement a place to build and improve relations with the residents in their communities. These satellite offices inside select 7-Eleven stores provide officers on the beat a convenient location to make phone calls and complete paperwork, and offers residents a less-intimidating way to access police for information and assistance. 7-Eleven now has more than 200 PCNCs in 100 cities in 18 states and the District of Columbia.
- Our community relations initiatives are generally focused at the local level and on four key areas associated with strong communities and citizens: <u>safety</u>, <u>education</u>, <u>health</u> & <u>wellness and community revitalization</u>. And priority is given to youth programs to ensure we build a strong foundation for the next generation.

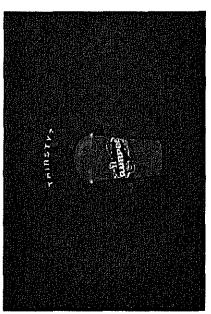

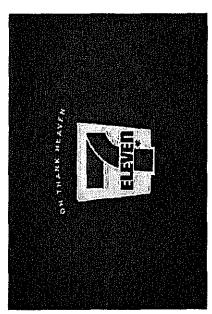

### Responsibility to Our Communities

### Typical taxes paid by a 7-Eleven:

- Sales tax: \$85,000 to \$100,000 total
- Employment Tax (state and local): \$43,000 (approx \$9,400 is local county and city)

### **OPEN AROUND THE CLOCK**

At 7-Eleven, a 24-hour operation is one of the cornerstones of our business. It's what customers expect of us... and we want to fulfill their expectations. It's also part of our commitment to serving the communities where we do business.

The American work routine has changed. People are busier, work later and are in need of products and services at all hours. More jobs require late-night or early-morning schedules. Many U.S. factories run around the clock with three full shifts. Americans are staying up later and getting up earlier, and they need a convenient place to shop. They may range from truck and taxi drivers to police and firefighters, to utility workers and hospital and manufacturing employees. They are parents with sick children and travelers who simply need a cup of hot coffee.

7-Eleven's simple act of opening stores around the clock was a pioneering move in the retail arena. Over the years, thousands of our competitors . . . as well as other retail operations . . . grocery stores, drug stores . . . and even fitness centers . . . have followed suit. Our customers have the perception that 7-Eleven is there for them. We want them to trust that when they drive up to a 7-Eleven store - - no matter what time it is - - we will be open to meet their needs. The 7-Eleven trademark is synonymous with being open 24 hours a day/7days a week. It is what our customers expect of us, and we want to fulfill their expectations. If a 7-Eleven store is closed during the late-night hours, customers will be confused about its operating hours and will seek other stores to meet their convenience needs. Experience has taught us that there is a loss of sales at other times of the day if a 24-hour store reduces its hours of operation.

7-Eleven provides employment opportunities at night for those who want a second job; attend school during the day, or who want to work hours similar to their spouse working a late-night shift.

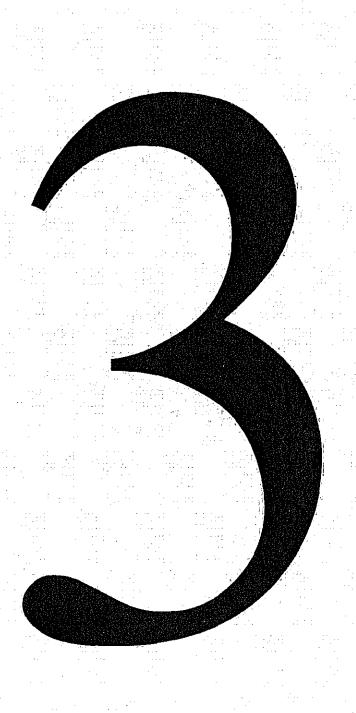

The late-night shift provides the store staff a chance to do tasks that are difficult to complete during the busier day hours, including cleaning, ordering, restocking, facing shelves, and accepting deliveries. With more that 1,000 customers a day visiting each 7-Eleven store, it's not easy to find the time to do these necessary chores.

Sociologist Murray Melbin reports that 10 million people in this country are up at 3 a.m. and 7 million of them are working. They include: firefighters, police officers, nurses, doctors and ambulance drivers, newspaper, TV and radio

crews, postal workers, printers and overnight photo lab employees, manufacturing night-shift workers, stockbrokers, home health care workers, people working from their home, such as computer programmers and writers, military installation personnel, computer operators at high-tech firms, law office and corporate word processors, cooks, chefs and bakers, delivery truck drivers (newspapers and bread), long-distance truck drivers, customerservice line representatives, street and highway, telephone and utility repair personnel, government workers, hotel and motel employees, limo, taxi, school and other bus drivers, casino employees, security guards, office cleaning service workers, private security patrols, emergency hotline workers, people "on call", musicians, actors and other entertainers.

We are asleep. They are not. They are earning their livelihood. Our night is their day. These people need services through the night and to and from work, just as you and I need and use these services in the daytime.

7-Eleven spends millions of dollars to provide a safe working and shopping environment through its Operation Alert and customer-service training programs; by maintaining low cash availability; keeping windows clear; remodeling its stores, which includes increased lighting, lower shelves, wider aisles and less clutter; and the installation of a high-resolution, closed-circuit camera system, audio monitoring and an alarm system. 7-Eleven continues to review other security measures and participates in convenience-store security research projects. 7-Eleven also has a good, working relationship with local law enforcement agencies and supports many crime-prevention and community policing projects.

INTERVIEW

### ASSET PROTECTION IN A CONVENIENCE-STORE ENVIRONMENT

A CONVERSATION VVITH MARK STINDE OF 7-ELEVENI

By James Lee, LPC, Executive Editor

### INTERVIEW

EDITOR'S NOTE: Mark Stinde is vice president of asset protection for 7-Eleven, Inc. He has over 24 years of experience in loss prevention, safety, and store operations management roles for various retailers, including Circuit City, Sears Holdings, The Home Depot, Toys"R"Us, and others. Stinde serves on the Asset Protection Leadership Council for the Retail Industry Leaders Association and the editorial board of LP Magazine, and has been active in many other LP trade organizations.

EDITOR: I'm sure most of our readers have visited a 7-Eleven store at some point, if not on a daily basis. How widespread is 7-Eleven today?

STINDE: The brand of 7-Eleven has grown to over 50,000 stores worldwide in sixteen countries. In the United States and Canada, which is specifically my area of responsibility, we have more than 8,000 stores. Just last year we

grew by close to 1,000 stores. Obviously, we have a heavy focus on convenience. However, our goal is not only to be the best convenience-store retailer in the world, but also the best retail company in the world. We are known as a beacon in the night for our customers, or guests as we call them, who are looking for a place to get a cup of coffee, a cold drink, or something good to eat at any time of the day or night.

### EDITOR: Who are your typical customers?

STINDE: For some guests, we're their neighborhood grocery store. For others, we're just that convenient place where they get a meal, a cold drink, gasoline, or a Slurpee® beverage.

EDITOR: Ah, the Slupee. What's the story behind that? STINDE: Years ago, the owner of one of our stores had the idea that if he took the syrup that is used to make fountain drinks and chilled it, that it would freeze and make a great product. He tried it actually using a car air-conditioning unit the first time, and it worked. That product is what we know as the Slurpee today.

EDITOR: Before we go in-depth into your current role, tell our readers how you got into loss prevention originally? STINDE: I came home to Federal Way, Washington, from school one summer and needed a part-time job. I responded to an ad for hourly associates at a Mervyns store and took a job in their shoe department as a salesman. I stayed there for a couple of years. While I was there the LP staff often asked me to assist in apprehensions. Eventually, the LP district manager, Mark Thomas, asked me if I had any interest in loss prevention. He was very instrumental in my career. So,

I interviewed and took a role as a store detective in a new store in Puyallup, Washington, and my LP career was born.

### EDITOR: And that career has taken you to work for what other companies?

STINDE: I spent seven years with Mervyns, and then took an opportunity with a company called Lamonts Apparel in the Northwest as a loss prevention investigator. I was promoted within the year to shrinkage control manager, and then about a year later to regional LP manager. When they filed for bankruptcy in 1995, I went to Toys "R" Us for three years, then to Home Depot where I spent a total of seven years.

A couple of opportunities with Home Depot that gave me experience outside of the LP arena, were the roles I held as senior director of safety and as district manager of operations. The role in safety was very fulfilling, and we made huge progress as an organization not only in the area of safety, but also in the area of environmental compliance. Two years after taking the safety role, the company decided to move safety back into loss prevention. My division president offered me a district manager role in operations in St. Louis.

Most people think of 7-Eleven as a small-box retail store and think that the issues we

face are scaled down the same way. But we do a lot of things in our stores and face some complex issues. We sell food items, which involves food-safety issues. We sell tobacco products, which come with regulatory concerns. We sell gasoline that comes with environmental challenges. On top of that, we're a 24-hour operation that brings in guests at all hours of the day and night, which presents a number of issues.

I spent two years there before the LP bug bit me again.

At that point I went to Sears as division vice president of full-line stores. I was at Sears for a short time when Circuit City recruited me for the top LP role. I started as the director, but was promoted to vice president eight months later. I was with Circuit City until they closed in the spring of 2009. The bankruptcy wasn't fun to go through, but it was a huge learning opportunity for me. When they went out of business, I worked for Protiviti as the associate director of the loss prevention practice for a year and a half before I got the phone call from 7-Eleven.

### EDITOR: What enticed you to go to a convenience-store-type operation?

STINDE: When I first learned of the opportunity, I asked questions like: Is it a growth company? Do they have a good strategy? What's the leadership like? Would this be a place that I would want to spend some years of my career? Can I make an impact? After my research, I knew that it was a great company. I also thought that it was a great opportunity to bring some ideas and best practices from the LP industry into their asset protection program to make it even better. 7-Eleven had always had a senior director of loss prevention, but never a vice president. I came in as senior director and within a year was promoted to vice president.

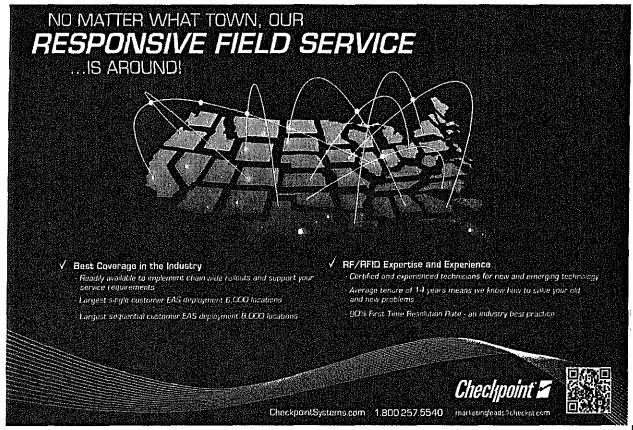

### EDITOR: How is loss prevention at a convenience store different from a traditional retail store?

STINDE: Most people think of 7-Eleven as a small-box retail store and think that the issues we face are scaled down the same way. But we do a lot of things in our stores and face some complex issues. We sell food items, which involves food-safety issues. We sell tobacco products, which come with regulatory concerns. We sell gasoline that comes with environmental challenges. On top of that, we're a 24-hour operation that brings in guests at all hours of the day and night, which presents a number of issues.

So, as I came into the company, it didn't take me long to understand that it's a complex business model even though it's a small store. And I've always believed that even though my function within the company—asset protection—is a support function, the best way for me to do my job is to have a true understanding of what it takes to operate the business. In fact, in my first ninety days with the company, I spent sixty days in a store learning the business, all the way from how you order donuts to how you clean the grill to food temperature expectations. The operational knowledge that I gained early on helped equip me to better manage asset protection and better support the business.

### EDITOR: Many people might imagine robberies to be a significant problem. Is that true?

STINDE: If you go back to the late 1970s, our robbery rates were challenging. The company engaged not only some consultants to help them with the problem, but they actually went into the prisons of America and interviewed felons convicted for robbery. They asked them things like "What compelled you" and "Why did you choose one place to rob over another?" Some of the insights that they discovered include how well a store is lit, both inside and outside. How clearly you can see in and out of the store is important. Making sure our associates are aware of and address every guest that comes in. We also determined that it was important to keep cash levels low, because even if a robbery occurs, if that person only gets say \$35, they're going to figure out over time to avoid 7-Eleven because we don't have much cash on hand.

### INTERVIEW

### EDITOR: How did the 7-Eleven LP team respond when you came in?

STINDE: When I got here, it was clear to me that we had really smart people in the organization who wanted to do great work. One of the things that I pride myself in is trying to cast a good vision. Our goal is very clear if you ask any of them. It's to make 7-Eleven's asset protection team not just best-in-class in convenience stores, but in all of retail.

Day one was an assimilation day before we spent two days talking strategy. In that first discussion, the team sent me out of the room to develop questions. One of the questions was, "Do you have a trailer full of people parked around the corner that you're going to replace us with?" Here's what I told them. The expectations of an asset protection executive in this organization will consist of three things. First, you must be a great leader, be good to people, and work well with others. Second, you must have a strong business acumen; not just asset protection acumen. You have to understand why it's important for the operator to be selling fresh food, understand margin, and understand what a P&L looks like and how to contribute to the P&L. And third, and least important of the

The expectations of an asset protection executive in this organization will consist of three things. First, you must be a great leader, be good to people, and work well with others. Second, you must have a strong business acumen; not just asset protection acumen. You have to understand why it's important for the operator to be selling fresh food, understand margin, and understand what a P&L looks like and how to contribute to the P&L. And third, and least important of the three, is that you are a highly functioning asset protection practitioner.

three, is that you are a highly functioning asset protection practitioner. If you have all those things, I have no need to replace you because you have all the skills to do a great job.

I also stressed the need to not only develop a partnership within the AP organization, but within the corporate organization. Early on in my career, I learned to distinguish between a relationship and a partnership. You can have a relationship with someone, and yet you're not always mutually committed to the resolution of something. For me a partnership consists of shared

goals, shared responsibility, and shared accountability. To get there you have to both understand what you're trying to accomplish, to make sure everyone buys in and is committed to their role in success, and to make sure we are holding each other accountable for the outcomes.

### EDITOR: What are some of the financial and operational accountabilities that asset protection has accepted responsibility for?

STINDE: All our investments require certain return.
And that return is distilled down to a performance scorecard. The team is held accountable month to month on what it's going to take to get that financial return. With our P&L and scorecard reviews, there's a very clear understanding that if they don't meet their financial return, that this will impact their performance.

### EDITOR: What's changed over the past three years with the asset protection program at 7-Eleven?

STINDE: When I came into the organization, during that first meeting with the team, we took an article out of LP Magazine that talked about the nine consistent attributes of best-in-class loss prevention programs [see "Lessons from Low-Shrink Retailers," September-October 2007 page 56]. During those two days, we went through that list of nine things, working together asking, "What are the actions we need to take to get from where we are today to best-in-class?" We really had some honest conversations about where we were as an organization, and that was the genesis of our new strategy for the department. I challenged the team to focus, not on what others could do for us to make us best-in-class, but what we could do independently as a department to get there.

### EDITOR: What were some of those key LP initiatives that you implemented?

STINDE: I believe in trying to make it as simple as you can, so as a team, we tried to take that nine-element approach and distill it down to determine what it would look like in 7-Eleven. We came up with what we call our "four-pillar strategy," which starts with people and ends with people.

We start with the foundation of our strategy, which is the asset protection team. This team consists of all of our key team members, which begins with the associate who interfaces with our guests day to day. The team includes the franchisees and store operators, the field operations team, the store support center; really each and every member of the 7-Eleven team. Each team member most know their role in keeping our stores safe and minimizing loss in our stores. The first pillar is what we call revenue-and-profit assurance, which is focused on making sure that what gets reported in the stores, whether it be a sales number, a profit number, a mark down, or a write off, is all reported correctly.

The second pillar is what we call our inventory variation control. Most companies would call that shrink control. But for us, any variance says there's something wrong in the business that needs to be identified and corrected. This means the team is focused as much on overage as they are on shortage in the stores.

The third pillar of the strategy—incidents and investigations—is not only investigating, but really doing the work on the back side of that to understand what occurred and what mitigation strategies we need to put in place to either engineer out the risk for the future or put in operational controls to control the risk.

And then the last pillar is safety and asset protection awareness. That's making sure that we engage our associates on what it is they need to do that will keep them safe and prevent loss. We distribute monthly posters to our stores that tell the story from a safety perspective, from a fraud perspective, and from an operational loss perspective. We look at the different components of the business so the associates in the stores, every day, can learn to better control those areas of the business.

EDITOR: What was the greatest adjustment you had to make to manage risk at a convenience store?

STINDE: We have 1,000 customers a day come into an average store, 24 hours a day, at five dollars a transaction, so you have to look at that kind of business differently than a lower velocity business. Plus, being open overnight adds a myriad of other issues. So I had to adjust, personally, to make sure we built a strategy to fit our specific situation. That's actually one of the nine components of that LP Magazine article. One thing I've emphasized whenever I talk about the 7-Eleven AP strategy is that it isn't my strategy; it's our strategy. We built it together. For example, at first, I had shortage control as the second pillar. The team said, "Oh, no. At 7-Eleven it's got to be inventory variation control." It's a different business. I learned I couldn't just come in and plug-and-play my philosophy of what loss prevention was, because in convenience-store retailing there are unique issues.

### EDITOR: How do you measure your success?

STINDE: I think back to my early career, when it was all aboutstats—how many shoplifters did you catch; how many internal theft cases did you resolve? While all of those do have some contribution to the financial success of the company, if that's the only place you find value in your program, you're missing the mark. We can't just be a cost center in the organization; we really should be an income center. Also, you have to consider if asset protection in any way negatively impacts the customer experience in the store. Are there unintended circumstances where we might win financially in the program itself, but lose

somewhere else? So, you have to look at it with an all-inclusive lens, trying to better understand the value of the program as a whole.

### EDITOR: What technologies have you adopted in your time at 7-Eleven?

STINDE: One of the nine elements in that best-in-class article was using data to drive decisions. The asset protection group lacked the data needed to support the business. For example, we didn't do any exception reporting. So, we purchased a new state-of-the-art exception-based reporting system called Secure<sup>TM</sup> from Sysrepublic. This system integrates our ClickIt DVR technology that we engaged Tyco Integrated Solutions to deploy in 2012. The Secure system also is integrated into our APIS case management system. Each technology improvement provides great value to our program, but the effective integration of all of these tools is really what makes the system powerful and adds value.

### EDITOR: What have you done with it?

STINDE: The nice thing about the Secure system is the ability to integrate to any type of data that we need to bring in. We bring in Oracle feeds, mainframe feeds, and flat-file feeds. It's flexible enough to take any data source, map it to our database, and run exceptions on the data.

We had opportunities to automate our case-management process, which had previously been merely a manila file folder in the file cabinet or document stored on the desktop of the computer. APIS enabled us to now track incidents and cases all the way from cradle to grave.

Many of our stores were still using out-of-date VHS video technology...if you can say "VHS" and "technology" in the same sentence. Bringing all of our stores into a digital video format was a huge investment. But we worked with senior leadership and last year spent \$40 million on new digital video technology for stores. This did not include the nearly \$10 million we spent in new stores and acquisitions. We're about to embark on another phase of DVR upgrades later this year.

We made sure that all these new technologies were compatible with each other and were able to integrate together. The real power of this technology is to have these systems all working together.

### EDITOR: How did you deploy your digital video?

STINDE: First of all, I have to recognize Tyco Integrated Security, who did a flawless job on the integration of 4,000 systems in nine months in our stores, which was a Herculean effort. We have two IP cameras in every store. That may sound like a small number, but we're a small format store. One of them is a 360-degree camera, and one is a 180-degree analytics camera at the front door. We have the ability to measure traffic, dwell time, and other analytics from the systems. Not only do we have remote access to the systems, but we have integrated this video into our Secure exception-reporting system.

### **EXECUTION PROGRAMS**DESIGNED FOR YOUR BUSINESS

### FIND OUT WHY AN ADMINISTERED KEY CONTROL PROGRAM CAN BE THE BENEFICIAL ALTERNATIVE TO:

- ✓ Inconvenient and Costly Locksmith Callouts
- ✓ Inopportune IC Core Swap Holdups and Delays
- Unauthorized Key Duplication

### THROUGH INTEGRATION OF PROVEN CORNERSTONE BEST PRACTICES, YOU CAN RECEIVE:

Restricted, Serialized Keys	Non-Duplicable Key Assurance
Simple and Cost Effective Rekey Avenues	Single Key Turn Rekeys
Key Tracking and Audit Reporting Information	Accessible Web-Based Software
Key Quantities Reduction	Fewer Keys to Manage
Inexpensive Master Key Loss Resolutions	Affected Area Key Replacements Only
Prompt and Accurate Order Turnaround	Order Confirmations and Tracking Histories

Visitus at NRE booth#4445.

continued from page 34

### EDITOR: Is anyone inside the company outside of asset protection making use of that information?

**STINDE:** Absolutely. The customer insights team, the innovations team, the new store design team have all tapped into it. There are many examples of how we are putting this valuable data to use to better understand our stores and our guests.

### EDITOR: What do you see as the vision in the next 12 to 18 months?

STINDE: We always have to stay vigilant to some of our key robbery-prevention procedures because of the fact that we operate 24/7 in all different parts of the country. We will continue to focus on safety. Can we do a better job when we design a store? Operationally, can we put better standards in the store?

We're also still in the very early stages of what we can do with data. We're doing a great

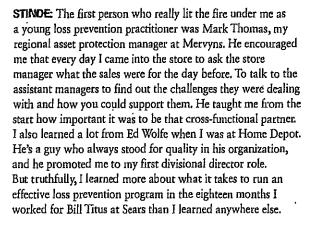

job around the point of sale, but what additional things can we do around some of the other components in the business?

Then, how do we bring in some of the best practices from the larger LP industry? How do we leverage our RILA, NRF, and FMI partnerships to learn from what other folks are doing in our space? And even if they're not doing it in the convenience-store space, how can we take what others are doing outside convenience and adjust it to meet a need within our business?

### EDITOR: Are there any other programs that are important to your asset protection organization?

STINDE: We see law enforcement as partners in the stores. For example, we try to be that beacon in the night for the law enforcement officer who wants to come in and get a cup of coffee and do a report, which gives our stores a good visual deterrent at the same time. We are very proud of our Operation Chill program. This program gives us the ability to engage two very important groups—law enforcement and youth. 7-Eleven donates one million Operation Chill Slurpee coupons annually to law enforcement agencies in the communities we serve. The law enforcement officer is to "catch" a young person in the act of doing something good and then reward them with an Operation Chill coupon that can be redeemed for a Slurpee. This is a huge hit with our guests and with our law enforcement partners.

EDITOR: It's obvious from this discussion that you've developed into a strong LP executive. What one or two people have been most influential in your professional development?

### EDITOR: Finally, I know that family is an important part of your life.

STINDE: Yes, my family and my faith have been very important to me throughout my life. I am more committed to each of these in recent years, and my wife and I are very involved in a local Christian church. There are a lot of people

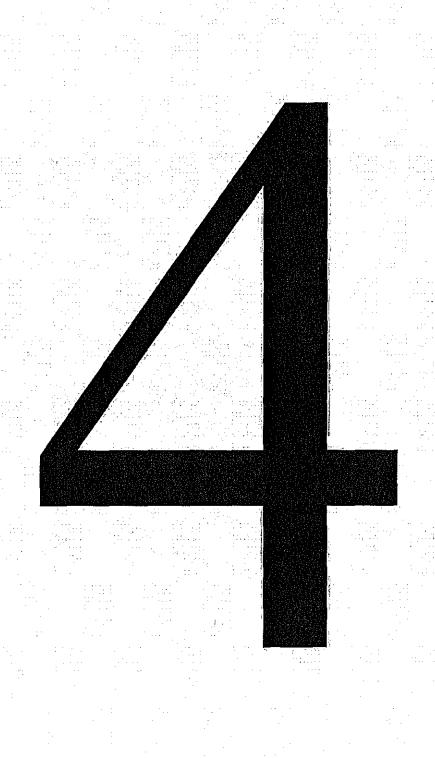

Early on in my career, I learned to distinguish between a relationship and a partnership.

You can have a relationship with someone, and yet you're not always mutually committed to the resolution of something. For me a partnership consists of shared goals, shared responsibility, and shared accountability. To get there you have to both understand what you're trying to accomplish, to make sure everyone buys in and is committed to their role in success, and to make sure we are holding each other accountable for the outcomes.

who have helped me along the way. The principles I learned as a young child growing up in the church are things that I try to apply every day in both my personal and professional life. My wife Niki and I will be married three years next October. I have two beautiful children, Katelyn, who is 24 and lives in the Seattle area, and a two-year-old, Connor, who is my wingman. Katelyn graduated from the University of Puget Sound and followed her dad into retail at Target. I am very blessed in so many ways.

# CRIME DETERRENCE PROGRAM

More Than 30 Years of Research

Store-Personnel Training Program

Timed-Access Cash Controllers

Bright Lighting Inside and Outside

Closed-Circuit Television
Surveillance Cameras

For more than 80 Years, 7-Eleven has been American's neighborhood food store, bringing convenience into the lives of millions. As part of its commitment to the communities it serves and its neighborhood store employees, the company has put in place one of the most comprehensive crime-deterrence programs in the convenience store industry.

7-Eleven developed and implemented its robbery and violence deterrence program in 1975-76, based on research interviews with convicted robbers. The program has been continually updated with ongoing research. 7-Eleven's crime-deterrence program is based on four primary components of visibility into and out of the stores, lighting, effective cash control, and store-personnel training. Additionally, 7-Eleven has installed video surveillance systems in its stores.

#### "OPERATION ALERT" TRAINING

7-Eleven corporate-store employees and new franchisees participate in a multimedia training program and are supplied with comprehensive resource materials on crime deterrence and violence avoidance.

The program, called "Operation Alert", includes information on security procedures, proper store maintanance, violence avoidance and recommended behaviors for managing a robbery or other potentially violent encounter.

The training emphasizes the high value the company places on the safety of all 7-Eleven store personnel and customers, and 7-Eleven's no-resistance phi osophy toward robbery. At 7-Eleven, the safety of store personnel and customers is more important than protecting the company's money or property during a robbery.

#### THE "FISHBOWL"

Research indicates that robbers do are brightly lit, with stere staffers clearly visible from the street. The puts the cash register in the front keeps windows in front of the sale and merchandise so police and oth it's called the "fishbowl" effect be employees are on display for passipolice, to see. As part of a nationy program, the company installed be exterior lighting.

#### **TIMED-ACCESS SAFES**

Research also shows that keeping cash register deters 80 percent of Most robbers say the "risk" is greater that small amount of money.

7-Eleven store employees are instrumore than S50 (\$30 at night) in the Signs notify would-be robbers that kept in the cash register after dark staffers cannot open the safe. All 5 a Timed-Access Cash Controller to amount of money in the register your customers efficiently.

One section of the timed-access sa locked drop-safe where large bills deposited by the clerk. Another se change (coins or bills) only at predintervals.

#### STATE-OF-THE-ART VIDEO CAMERA SYSTEMS

7-Eleven has spent millions of dollars to install and maintain state-of-the-art video camera systems and alarms in its stores nationwide. This system includes a 24-hour, closed-circuit video camera with audio capabilities and a high-resolution color monitor mounted in clear view of the customers. The alarm system includes fixed and remote-activator devices.

The robbery rate at 7-Eleven stores has decreased by 65 percent since 7-Eleven's robbery deterrence program was implemented in 1976.

7-Eleven is recognized in the convenience store industry and by many law enforcement agencies as the first major retailer to institute a formal crime deterrence program nationwide.

7-Eleven's Operation Alert Training Program has been cartifled/approved in several states.

### HISTORY OF 7-ELEVEN'S ROBBERY DETERRENCE PROGRAM

1975 – The Western Behavioral Sciences Institute, in conjunction with 7-Eleven stores, conducted a robbery deterrence study with a grant from the U.S. Department of Justice. In the test stores, robbery deterrence measures recommended by robbers were implemented in order to determine their impact on crime. These steps included training employees in robbery deterrence, reducing available cash and

removing signs from store windows. The result was a 30 percent decrease in robberies in the test stores.

1976 - A six-month follow-up study in Houston indicated the same 30 percent decrease in robberies. The message was that robbers steal for cash, and if stores raduce their cash availability and publicize it, they can deter robberies. The robbery deterrence program - including training for store personnel, cash management, additional field staff security managers, posters, signs and decals - was adopted companywide.

1980 – A study for 7-Eleven by Athena Research Corporation (Athena) found that security cameras and alarms did not reduce the robbery rate in the experimental stores. 7-Eleven began installation of timed-access cash controller safes in its stores.

1985 – 7-Eleven supported a survey by Athena of armed robbers in prison. The results indicated robbers still looked for the same things in stores targeted for robbery – cash availability and visibility into and out of the stores.

1991 – One part of a three-part study by the National Associations of Convenience Stores showed robbery decreased in the first year after installation of high-resolution, closed-circuit television systems and afarms.

1993 – 7-Eleven began nationwide installation of closed-circuit television systems and alarms in its stores as part of its nationwide remodeling program.

1995 — Athena conducted new research of armed robbers in prison to update its 1985 study, which indicated robbers still looked for the same factors.

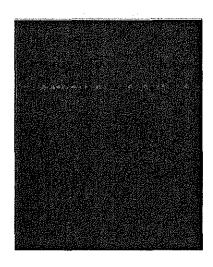

1996 – 7-E even completed a nation of closed-directit television systems stores. The company updated its redetarrence/violence avoidance trainstore personnal.

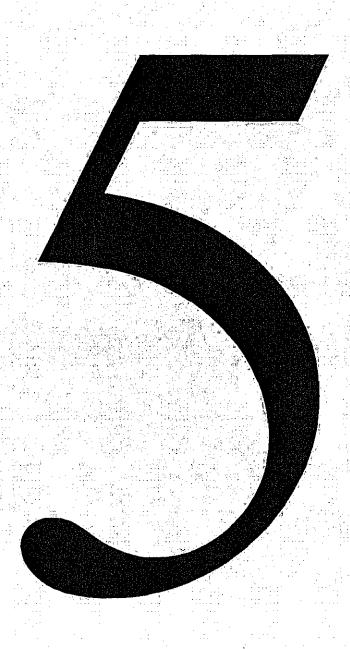

2003 - 7-Eleven supported a survey teenage robbers to see if the young at things differently than the adult found that they look at the target a measures in essentially the same war route and money being the most in

2004 - The Operation Alert training updated including computer-based stores.

2005 - 7-Eleven began installing ne high-speed bill acceptors and addit accountability features.

2007 - "Operation Alert" training, i lighting and cash control, has been all of its stores.

### National Mystery Shop Program Results

5105 E.Olympic Blvd, Los Angeles, CA

### Unfortunately, people don't come equipped with ages on their foreheads!

As retailers, we have a responsibility to our customers and to our communities to ensure minors do not have access to age-restricted products in our stores...

#### **ENSURING COMPLIANCE WITH REGULATORY REQUIREMENTS**

We are pleased to announce the launch of a comprehensive program specifically designed to help you and your employees ensure no minor is able to purchase alcohol or tobacco products from your store. Developed by the **Presidents Leadership Council** (see attached letter), the elements of the program are:

#### ID AGE POLICY

Do <u>you</u> know what 27 looks like? Neither do we... so we've made the line a little clearer by changing our **ID** Age Policy to 30.

#### "FRESH / REFRESH" ID ZONE POP

How well we communicate our ID practices to our customers can help improve customer service... and there's no reason a serious message can't be delivered with humor. Your October POP kit came with fresh vault decals and a counter mat specifically designed to do both. We plan to refresh your ID Zone POP regularly with messaging that will make the point... and maybe even bring a smile.

#### **MYSTERY SHOPS**

One thing that definitely does <u>not</u> bring a smile is a violation for allegedly seiling alcohol or tobacco products to a minor. Those come with very serious consequences. To help you and your employees keep your age-restricted product selling skills sharp, you have the opportunity to have your store internally shopped once a month for about \$8.00 per shop. See attached "shared cost" **National Mystery Shop Program** for details.

#### COME OF AGE AWARNESS BINDER

Of course an ounce of prevention is worth a pound of cure, but what should you do if you receive a violation for allegedly selling alcohol or tobacco products to a minor? You'll find prevention and cure resources in your **Come of Age Awareness Binder**. We suggest you review and discuss the contents with your employees and keep the binder secure and readily available.

#### **COME OF AGE AWARENESS WEEK**

What is **Come Of Age Awareness Week?** You're experiencing the first one now. It's time set aside once a year for you and your FC – and you and your employees – to sit down together to review and discuss what is... or is not... going right and how you can improve your store's performance with respect to age-restricted product sales and compliance.

#### **ONGOING COMMUNICATIONS**

Guessing's hard... that's why we card. When something arrives on this letterhead, you'll know it contains tips and information that will help you and your employees take the guesswork out of the equation and ensure minors are not able to purchase age-restricted products in your store... regardless of the fact that people don't come equipped with ages on their foreheads!

#### Dear Franchisees;

Every Franchisee understands the critical importance of adhering to age-restricted product laws and regulations... but no matter how conscientious we are, we can always improve.

In late 2005, our subcommittee – then named the Age-Restricted Product Sales Subcommittee – was charged with developing tools to help stores improve their compliance with age-restricted product laws and regulations; and in May of this year, we presented this program in a comprehensive package of recommendations to 7-Eleven's Executive Team.

While we are proud of this program and know it <u>can</u> make a difference, we also know that it <u>can't</u> make a difference without your support.

During this first **Come Of Age Awareness Week** and those that follow, we encourage you to take the opportunity to sit down with your FC and discuss the materials in your **Come Of Age Awareness Binder** and to also take time to review and discuss your store's agerestricted product sales policies and procedures with your employees.

We also encourage you to participate in the monthly **National Mystery Shop Program**. These shops can help you better and more quickly assess performance issues and training needs in your store – and \$8.00 a month is a small price to pay to protect your business.

What's next for our subcommittee? Our work is far from done. While we continue to work on age-restricted product issues, we are expanding our role to include <u>all</u> regulatory issues affecting our stores. Because of this, we have changed our name to **Government Affairs** and have added several new members to help us: **Elias Woldu** from Washington, DC, **Manjit Purewal** from Northern California, and **Tariq Khan** from New York.

Thanks for your time and attention. Our hope is that you never have the need for any of the Post-Sale Action materials in your Come Of Age Awareness Binder!

### NATIONAL MYSTERY SHOP PROGRAM

Who All corporate stores and participating franchised stores

What One shop per month per store

When: Program begins in January 2008

Provider: BARS

Process: Monthly shops will alternate between alcohol and tobacco products

Cost: \$16.25 per shop

- Cost shared (50% 7-Eleven / 50% Franchisee) in

participating franchise stores

- Franchisee share charged monthly (\$8 and change) to

participating Franchisee's Financial Summary

- Annual cost to participating Franchisee: \$97.50

Benefits: Increased Focus = Improved Performance!

Improved Performance = Reduced Risk of Violations!

Participation: To participate, please sign the attached Participation

Agreement and give it to your Field Consultant

## National Mystery Shop Program Franchisee Participation Form

As a 7-Eleven Franchisee, you have the opportunity to participate in the National Mystery Shop Program (the "Program") that 7-Eleven is rolling out to our company operated Stores. The Program was reviewed and approved by Franchisee members of 7-Eleven's Presidents Leadership Council ("PLC").

#### **GENERAL DESCRIPTION OF SERVICES AND RATES**

#### Cost - \$16.25/month (7-Eleven is picking up 1/2 the cost)

- Once a month shops will alternate between alcohol and tobacco products
- All shoppers will be of legal age.
- The Program is designed to determine whether your employees obtain identification before sales are made to persons seeking to purchase agerestricted products who appear to be under the age of thirty (30).

You will be notified of the results of each mystery shop (pass or fail) by the Shopping Service immediately upon completion of the mystery shop. 7-Eleven will be notified of the results by the Shopping Service. You will **not** receive any formal notice (LON or Breach Notice) as a result of any Mystery Shop during which your employee fails to obtain proper identification from the shopper.

#### **PARTICIPATION AGREEMENT**

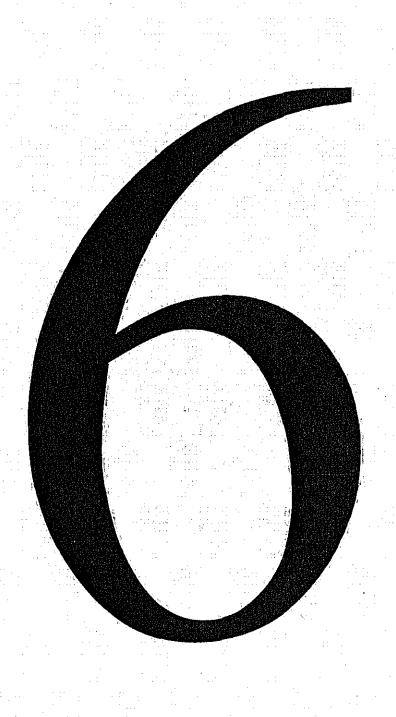

By signing below, you agree to participate in the Program and you authorize 7-Eleven to make payment for the services provided on your behalf. The cost of such services will be shared equally between you and 7-Eleven and will be charged to your Open Account for the month in which 7-Eleven is invoiced.

The term of the Agreement with respect to your Store shall begin on the date of your choice after January 2008 and continue until the earlier of:

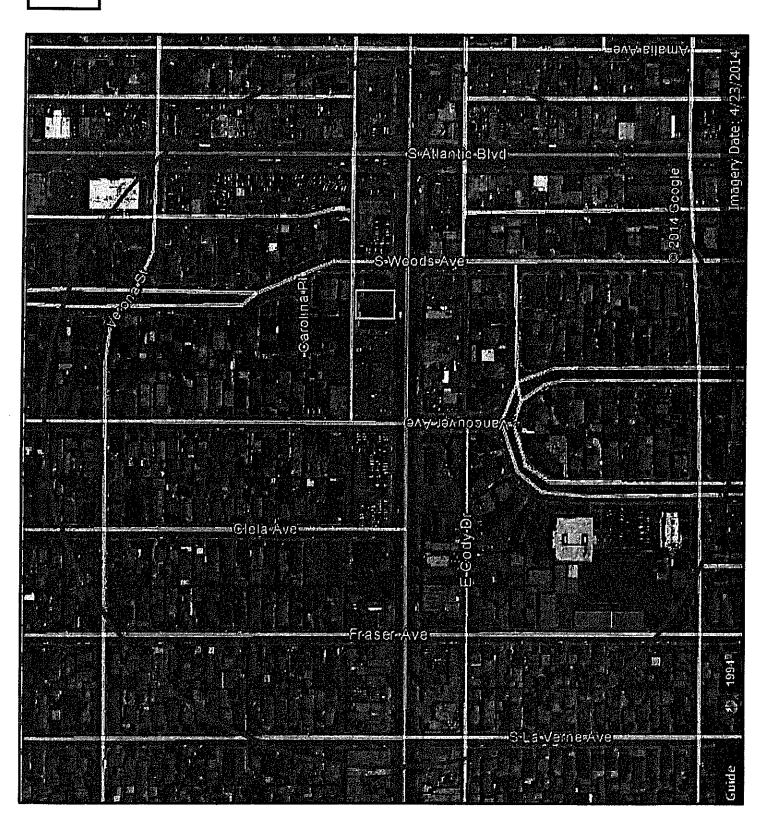

- Termination upon at least 30 days written notice by you;
- Termination of your Franchise Agreement; or
- Termination of the Program by 7-Eleven upon at least thirty (30) days written notice to you.

Los Angeles, CA 90012

RE: Conditional Use Permit Case #R2014-02734

Ms. Kulczycki:

I am writing in support of CUP Case#R2014-0734 submitted by 7-Eleven to expand the product line, to include beer and wine, of the convenience store located at 5105 E Olympic Blvd.

Since the opening of my store I have been committed to selling age restricted products in a safe and responsible manner keeping in accordance to all policies and state laws. While I do not currently sell beer or wine, we do carry lotto tickets, tobacco products and potential inhalants which are all subject to ID checks and following proper protocol. All staff, including myself have undergone extensive training in all policies, procedures, state laws and regulations regarding selling age restricted products including not selling to minor, intoxicated individuals or third party individuals. Training is completed with the signing of an affidavit stating the signatory is aware of the obligations and ramifications should they not comply with the law. All affidavits are kept on file at the store. Currently, the register is equipped with a restriction device that will stop the sale, require a valid driver's license, military ID or passport to be swiped through the machine to allow the sale to proceed when an age restricted product is scanned. I also participate in the Secret Shopper Program that is conducted once a month, but if permitted to sell beer and wine the frequency will increase. I am proud to say each time we have been secret shopped we have received a "green card" which indicates the sales associated followed all proper safety and security policies and procedures during a sale.

In addition, I have dedicated myself to making my store a true neighborhood store. I have supported hiring local residents, by making local hires the majority of my staff. I have developed relationships with my neighboring businesses and local residents. In addition, I have begun investing into the local community by supporting local events, schools, and nonprofits. Specifically I participated in the Winter Wonderland Tree Lighting Event held on November 21, 2014 by donating 500 snack items to be handed out to children attending the event and providing pizzas for the volunteers; supported Winter Garden's fundraising efforts by purchasing a lunch bench; and provided \$200 in toys for the Los Angeles Sherriff's Toy Drive. This is a commitment that I am hoping to also develop as I am able to continue and grow my community relationships.

In closing, I take pride in my commitment to providing a safe, clean and friendly place for the residents of East Los Angeles to shop. I am also dedicated to being an active business partner and a responsible retailer. It is my goal to continue grow this commitment and dedication to the East Los Angeles community by continuing to meet their convenience needs with quality and vast products while being a part of the various social efforts. Thank you for your consideration and I urge the Los Angeles County Regional Planning Commission to approve the CUP application being considered.

Sincerely,

Onkar Singh

Owner, 7-Eleven

RE: Conditional Use Permit Case #R2014-02734

Ms. Kulczycki:

I am writing in support of CUP Case#R2014-0734 submitted by 7-Eleven to expand the product line, to include beer and wine, of the convenience store located at 5105 E. Olympic Boulevard.

As a Montebello Unified School Board Member, I am concerned about the safety of our students and their access to alcohol and tobacco products. I support businesses that are committed to the safe and legal sale of age restricted products. I am familiar with 7-Eleven's Come to Age Program that teaches employees the policies, procedures, and state regulations specific to selling age restricted products. I understand all employees are required to sign an affidavits stating they are aware of the obligations and ramifications should they not comply with the law. Further, I feel confident in 7-Eleven's adherence to not selling to underaged individuals because of the systematic safeguards put in place in our local stores, such as the register requiring an ID swipe to complete a purchase for a sale that includes beer, wine, or tobacco products etc. Lastly, I see 7-Eleven's commitment to keeping our students safe by actively taking part in secret shopper checks that occur a minimum of once a month.

Further, it is my position that when a retailer has proven its commitment to responsible retailing by implementing comprehensive employee training, sophisticated system controls and participates in strict monitoring, it can be trusted with the privilege of selling age restricted products in a way that is conducive to community. 7-Eleven has demonstrated it is such a retailer and for that reason I support the application considered as CUP Case #R2014-02734.

Re: Conditional Use Permit Case #R2014-02734

Dear Ms. Kulczycki:

I am writing in support of CUP Case #R2014-02734 submitted by 7-Eleven to expand the product line, to include beer and wine, of the convenience store located at 5105 E. Olympic Boulevard.

As a local business owner, I support other businesses in their pursuit to expand and improve their ability to meet the needs of their customers. As a customer, I appreciate 7-Eleven's ability to meet my convenience needs in a safe and friendly environment. For these reasons I support the approval of the CUP Case #R2014-02734.

Thank you for your attention to this matter. I urge the Los Angeles County Regional Planning Commission to support local businesses in East Los Angeles and approve CUP application.

Sincerely,

Deborah Bernal Member Dear Onkar Singh

Thank you for your generous donation of five hundred (500) snacks and cases of bottled water. We included these snacks in the "goody bags" to the children that attended the Winter Wonderland Holiday Tree Lighting event, in collaboration with the First Supervisorial District Office and Los Angeles County Parks and Recreation, held at the East L.A. Civic Center on Friday, November 21, 2014.

Volunteers of East Los Angeles, Inc. (VELA) supports many of the community events that are sponsored by the County of Los Angeles. It is by working with businesses such as yours that we are able to continue to support community events such as Winter Wonderland. VELA's eastLAworks Program assists small businesses in the East Los Angeles community (3<sup>rd</sup> Street, 1<sup>st</sup> Street, Cesar Chavez Avenue, and City Terrace Drive Corridors).

We look forward to future collaborations and please do not hesitate to contact me regarding questions or suggestions. My direct line is (323) 263-4462 ext. 123 and/or e-mail: monical@velaela.org.

Sincerely.

Monica A. Lerma, MPH Program Manager II

#### Dear Onkar Singh:

Thank you so much for your generous donation of pizzas for the volunteers that worked at the Winter Wonderland Holiday Tree Lighting event at the East L.A. Civic Center. The Parks & Recreation Department was happy to provide the pizzas to the volunteers and they were very happy to have a warm snack.

As you know, the Los Angeles County Department of Parks and Recreation supports many of the community events held in unincorporated East Los Angeles. It is by working with businesses such as yours that we are able to continue to host community events such as the Winter Wonderland.

Thank you again, and we look forward to your continued support.

Sincerely,

Ricardo Ceja

RE: Conditional Use Permit Application Case#2014-02734 Ms. Kulczycki:

The purpose of this letter is to express my support for our neighborhood 7-Eleven located at 5105 E Olympic Blvd in their application for a Conditional Use Permit (CUP) to sell beer and wine for off-site consumption.

As a local resident I was excited to have a new convenience choice. Since the opening I have become a regular customer and have gotten to know the franchisee. 7-Eleven has the quality of a national chain retailer while maintaining the friendly neighborhood store environment. I appreciate having a store with the right balance. I often stop by on my way to and from work and appreciate all the variety of products and the safe and cleanliness of the store. I think it is important that we continue to bring reputable and responsible businesses to our areas and support the growth of those stores. I support the application which will allow for more product choice and allow a responsible retailer of age restricted products to expand their retail mix.

Thank you for your time and attention to this matter. I urge the Los Angeles County Regional Planning Commission to support a proven responsible retailer by approving the CUP application submitted by 7-Eleven.

Sincerely,

MUSIN Service
